one of america's preeminent educational philosophers and public intellectuals John Dewey is perhaps best known for his interest in the study of pragmatic philosophy and his application of progressive ideas to the field of education carrying his ideas and actions beyond the academy he tied his

philosophy to pacifist ideology in america after world war i in order to achieve a democratic world order although his work and life have been well documented his role in the postwar peace movement has been generally overlooked in john dewey america's peace minded educator authors charles f howlett and audrey cohan take a close look at john dewey's many undertakings on behalf of world peace this volume covers dewey's support of and subsequent disillusionment with the first world war as well as his postwar involvement in trying to prevent another world war other topics include his interest in peace movements in education his condemnation of american military intervention in latin america and of armaments and munitions makers during the great depression his defense of civil liberties during world war ii and his cautions at the start of the atomic age the concluding epilogue discusses how dewey fell out of favor with some academics and social critics in the 1950s and explores how dewey's ideas can still be useful to peace education today exploring dewey's use of pragmatic philosophy to build a consensus for world peace howlett and cohan illuminate a previously neglected aspect of his contributions to american political and social thought and remind us of the importance of creating a culture of peace through educational awareness

through interdisciplinary and multidisciplinary perspectives and with an emphasis on exploring patterns as well as distinct and unique conditions across the globe this collection examines advanced and cutting edge theoretical and methodological approaches to the study of the health of urban populations despite the growing interest in global urban health there are limited resources available that provide an extensive and advanced exploration into the health of urban populations in a transnational context this volume offers a high quality and comprehensive examination of global urban health issues by leading urban health scholars from around the world the book brings together a multi disciplinary perspective on urban health with chapter contributions emphasizing disciplines in the social sciences construction sciences and medical sciences the co editors of the collection come from a number of different disciplinary backgrounds that have been at the forefront of urban health research including public health epidemiology geography city planning and urban design the book is intended to be a reference in global urban health for research libraries and faculty collections it will also be appropriate as a text for university class adoption in upper division under graduate courses and above the proposed volume is extensive and offers enough breadth and depth to enable it to be used for courses emphasizing a u s or wider western perspective as well as courses on urban health emphasizing a global context

for over a century the u s has improved the peoples of latin america by promoting everything from representative democracy and economic development to oral hygiene how did this paternalistic practice evolve and spread globally and what are the troubling consequences for a country

with a habit of giving and for others with a habit of receiving

nursing ethics and professional responsibility in advanced practice third edition focuses on the historical background knowledge and leadership skills necessary to improve the quality of health for both individuals and society

would you like to do your part in saving america grass roots is a no nonsense instruction manual that explains exactly what you can do scott hennen host and founder of the innovative common sense club radio program shows how everyday americans just like you are making a difference for our country s future this down to earth handbook gives you clear practical effective actions you can take to preserve the american dream for your children and grandchildren president ronald reagan once said all great change in america begins at the dinner table today most americans struggle just to keep food on the dinner table we are staggering under a crushing burden of big government out of control spending and towering federal debt we have become tax slaves and the people we sent to washington to represent us are the very ones who sold us there we re angry and rightly so but ruling class politicians have shrugged off our grassroots anger calling it astroturf we re tired of being ignored patronized and lied to by the very people who are supposed to be our public servants not since the original boston tea party of 1773 have so many everyday americans participated in such a significant display of righteous indignation and freedom loving patriotism for the first time in generations ordinary hardworking church going americans are carrying signs gathering in large numbers and making their voices heard big government beware a sleeping giant has awakened scott hennen has drawn up a practical blueprint for change a handbook for all of us who are ready to roll up our sleeves and do our part to restore america s goodness and greatness grass roots is a political manifesto for every american who loves liberty and cares enough to get involved

american progressivism is a one volume edition of some of the most important essays speeches and book excerpts from the leading figures of national progressivism it is designed for classroom use includes an accessible interpretive essay and introduces each selection with a brief historical and conceptual background the introductory essay is written with the student in mind and addresses the important characteristics of progressive thought and the role of progressives in the development of the american political tradition students of american political thought american politics american history the presidency congress and political parties will find this reader to be an invaluable source for insight into progressivism

in american politics at least since the civil war the great philosophical divide is between progressives and founders of the american regime the quarrel

has come to be defined in the media as a contest between liberals and conservatives this book explores the ideological underpinnings of american progressivism in doing so it examines the foundations of modern liberalism and conservatism the fundamental problem of any science of politics is to explain however imperfectly the sources of justice and injustice in politics what are the self evident truths that inform and drive the public debates over time the foundational arguments for justice and injustice what people regard as self evident truths do change this process of change is at the heart of progressivism the original arguments of the progressive movement are obscured or largely forgotten in contemporary political debates but in a myriad of ways the original progressive arguments continue to reverberate they need to be more fully explored and understood in order to seriously engage the differences between liberals and conservatives such differences are not likely to be overcome simply by a study of the roots of progressivism but it is a first step in a more rational debate which this book will inspire

this book is the first social epidemiological study of covid 19 spread in new york city nyc the primary epicenter of the united states new york city spread covid 19 throughout the united states the context of epicenter formation determined the rapid extreme rise of nyc case and mortality rates decades of public policies destructive of poor neighborhoods of color heavily determined the spread within the city premature mortality rates revealed the weathering of policy targeted communities accelerated aging due to chronic stress covid attacks the elderly more severely than those under the age of 60 communities with high proportions of prematurely aged residents proved fertile ground for covid illness and mortality the very public policies that created swaths of white wealth across much of manhattan and parts of brooklyn destroyed the human diversity needed to ride out crises topics covered within the chapters include premature death rate geography in new york city implications for covid 19 nyc covid markers at the zip code level prospero s new castles covid infection and premature mortality in the ny metro region pandemic firefighting vs pandemic fire prevention conclusion scales of time in disasters an exemplary study in health disparities covid 19 in new york city an ecology of race and class oppression is essential reading for social epidemiologists public health researchers of health disparities those in public service tasked with addressing these problems and infectious disease scientists who focus on spread in human populations of new zoonotic diseases the brief also should appeal to students in these fields civil rights scholars science writers medical anthropologists and sociologists medical and public health historians public health economists and public policy scientists

the america of the modern administrative state is not the america of the original constitution this transformation comes not only from the ordinary course of historical change and development but also from a radical new philosophy of government that was imported into the american political

tradition by the progressives of the late nineteenth century the new thinking about the principles of government and open hostility to the american constitution led to a host of concrete changes in american political institutions our government today reflects these original progressive innovations even if they are often unrecognized as such because they have become ingrained in american political culture this book shows the nature of these changes both in principles and in the nuts and bolts of governing it also shows how progressivism was often at the root of critical developments subsequent to the progressive era in more recent american political history how it was different than the new deal the liberalism of the 1960s and today s liberalism but also how these subsequent developments could not have transpired without the ground laid by the original progressives

the progressives offers comprehensive coverage of the origins evolution and notable events that came to define the pivotal period of american history known as the progressive era offers a rich in depth analysis of who the progressives were and the process through which they identified and attacked social economic and political injustices features an up to date synthesis of the literature of the field including comprehensive treatment of the role of women in the progressive movement considers the movement s enduring impact and how its vision for a better society became transfixed in the american social consciousness and helped to create the modern welfare state part of the well respected american history series integrates themes of class race ethnicity and gender throughout offering a concise and engaging account of a fascinating era in u s history that forever changed the relationship between a democratic government and its citizens

in american politics at least since the civil war the great philosophical divide is between progressives and founders of the american regime the quarrel has come to be defined in the media as a contest between liberals and conservatives this book explores the ideological underpinnings of american progressivism in doing so it examines the foundations of modern liberalism and conservatism the fundamental problem of any science of politics is to explain however imperfectly the sources of justice and injustice in politics what are the self evident truths that inform and drive the public debates over time the foundational arguments for justice and injustice what people regard as self evident truths do change this process of change is at the heart of progressivism the original arguments of the progressive movement are obscured or largely forgotten in contemporary political debates but in a myriad of ways the original progressive arguments continue to reverberate they need to be more fully explored and understood in order to seriously engage the differences between liberals and conservatives such differences are not likely to be overcome simply by a study of the roots of progressivism but it is a first step in a more rational debate which this book will inspire

through a variety of primary sources including speeches poems magazine articles and book excerpts this collection illustrates the origins ambitions and political legacy of the american progressivism movement 1886 1924 a general introduction offers a history of the movement and a brief discussion of recent historiographical debates headnotes introduce each selection and provide historical and political context

unless americans prove themselves willing to be as open minded about the institutional arrangements of the country as they have been about almost everything else they will continue to find their hopes frustrated it is not enough to rebel against the lack of justice unless we also rebel against the lack of imagination roberto mangabeira unger and cornel west argue that the path to progressive reform goes through reorganization of our economic and political institutions tax and spending are not enough breaking with the conventional ideas of american progressive politics they show how we can stimulate economic growth and guarantee a minimum of resources for all citizens

at its core this book is intellectual history tracing the work of progressive historians as they in turn wrote the history of progressivism in progressivism the strange history of a radical idea bradley c s watson presents an intellectual history of american progressivism as a philosophical political phenomenon focusing on how and with what consequences the academic discipline of history came to accept and propagate it this book offers a meticulously detailed historiography and critique of the insularity and biases of academic culture it shows how the first scholarly interpreters of progressivism were in large measure also its intellectual architects and later interpreters were in deep sympathy with their premises and conclusions too many scholarly treatments of the progressive synthesis were products of it or at least were insufficiently mindful of two central facts the hostility of progressive theory to the founders constitution and the tension between progressive theory and the realm of the private including even conscience itself the constitutional and religious dimensions of progressive thought and in particular the relationship between the two remained hidden for much of the twentieth century this pathbreaking volume reveals how and why this scholarly obfuscation occurred the book will interest students and scholars of american political thought the progressive era and historiography and it will be a useful reference work for anyone in history law and political science

now in its second edition america in the progressive era 1890 1917 provides a readable analytical narrative of the emergence influence and decline of the spirit of progressive reform that animated american politics and culture around the turn of the twentieth century covering the turbulent 1890s to the american entry into world war i the text examines the political social and cultural events of a period which set the agenda for american public life

during the remainder of the twentieth century this new edition places progressivism in a transatlantic context and gives more attention to voices outside the mainstream of party politics key features include a clear account of the continuing debate in the united states over the role of government citizenship and the pursuit of social justice a full examination of the impact of reform on women and minorities a rich selection of documents that allow the historical actors to communicate with today s readers an extensive updated bibliography providing a valuable guide to additional reading and research based on the most recent scholarship and written to be read by students this book will be of interest to students of american history and political history

eisenach s selection of primary sources illustrates the origins ambitions and political legacy of the american progressivism movement 1844 1932 while his introduction offers a history of the movement and a brief discussion of recent historiographical debates

this study recreates the intellectual climate and transatlantic setting of turn of the century american reform it examines the influence and meaning of german social thought and reform in the american reform movement prior to world war i the american progressives used the german theories in order to develop and establish new concepts of reform and to base democracy on principles other than possessive individualism utilitarian ethics and market ideology that liberalism held in stock however due to the war these reforms lost their radical character in the end the progressive quest for a broader sphere of public control participatory models of reform and social ethics yielded to the liberal model of regulation business co operation and administrative efficiency and to the moralistic agenda of prohibition and immigration control axel r schäfer s fine study of what american progressives learned from their german counterparts adds to the growing literature illuminating the cosmopolitan breadth and ideological daring of turn of the century reform a it is a testament to the argumentative force of this insightful work that it so clarifies and deepens the vital debate over the progressive legacy in our new gilded age the journal of american history schäfer did not intend to offer an exhaustive treatment instead he wished to show that part of progressive thought was not merely home grown a relection of narrow moralistic protestantism<sup>220</sup> but had some german roots too this he did well and readers may mine his chapters for other insights a german studies review axel r schäfers kenntnisreiche methodisch reflektierte und quellengesättigte untersuchung legt die bis vor kurzem nur wenig beachteten transatlantischen bezüge der progressiven bewegung an der wende vom 19 zum 20 jahrhundert frei und bettet dieses als sehr amerikanisch<sup>221</sup> geltende reformphänomen starker in seinen weltlichen gesamtzusammenhang ein schäfer wird daher nicht nur von amerikaspzialisten mit gewinn gelesen werden sondern auch von historikern die sich mit interkulturellen austauschprozessen beschäftigen das historisch politische buch selten jedenfalls ist die krise des progressivism im ersten

weltkrieg so klar analysiert worden wie hiera historische zeitschrift anachronismen vermeidend und mit grosser fähigkeit zur empathie zeichnet schäfer die motive und vorstellungswelten der akteure nach ohne sie von vornherein zu verurteilen auf diese weise gelingt ihm eine sehr differenzierte darstellunga neue politische literatur franz steiner 2000

discusses the changes of the progressive era focusing on the industrial revolution and its effects on american society

now in its second edition america in the progressive era 1890 1917 provides a readable analytical narrative of the emergence influence and decline of the spirit of progressive reform that animated american politics and culture around the turn of the twentieth century covering the turbulent 1890s to the american entry into world war i the text examines the political social and cultural events of a period which set the agenda for american public life during the remainder of the twentieth century this new edition places progressivism in a transatlantic context and gives more attention to voices outside the mainstream of party politics key features include a clear account of the continuing debate in the united states over the role of government citizenship and the pursuit of social justice a full examination of the impact of reform on women and minorities a rich selection of documents that allow the historical actors to communicate with today s readers an extensive updated bibliography providing a valuable guide to additional reading and research based on the most recent scholarship and written to be read by students this book will be of interest to students of american history and political history

When somebody should go to the books stores, search launch by shop, shelf by shelf, it is really problematic. This is why we present the ebook compilations in this website.
