a major new multi volume reference work the encyclopedia of arabic language and linguistics a unique collaboration of over hundreds of scholars from around the world the encyclopedia of arabic language and linguistics covers all relevant aspects of the study of arabic and deals with all levels of the language pre classical arabic classical arabic modern standard arabic arabic vernaculars mixed varieties of arabic

the story of how latin and arabic spread across the mediterranean to create a cosmopolitan world of letters in this ambitious book karla mallette studies the nature and behaviors of the medieval cosmopolitan languages of learning classical arabic and medieval latin as they crossed the mediterranean through anecdotes of relationships among writers compilers translators commentators and copyists mallette tells a complex story about the transmission of knowledge in the period before the

emergence of a national language system in the late middle ages and early modernity mallette shows how the elite languages of learning and culture were only tenuously related to the languages of everyday life these languages took years of study to master marking the passage from intellectual childhood to maturity in a coda to the book mallette speculates on the afterlife of cosmopolitan languages in the twenty first century the perils of monolingualism and the ethics of language choice the book offers insight for anyone interested in rethinking linguistic and literary tradition the transmission of ideas and cultural expression in an increasingly multilingual world

in this reading of islamic legal hermeneutics robert gleave explores various competing notions of literal meaning linked to both theological doctrine and historical developments together with insights from modern semantic and pragmatic philosophers literal meaning is what a text means in itself regardless of what its author intends to convey or the reader understands to be its message as islamic law is based on the central texts of islam the idea of a literal meaning that rules over human attempts to understand god s message has resulted in a series of debates amongst modern muslim legal theorists

this lively introduction to arabic linguistics provides students with a concise vivid and engaging overview of the language s structure

this volume concludes the publication of the encyclopedia of arabic language and linguistics in print it represents a unique collaboration of over hundreds of scholars from around the world covering all relevant aspects of the study of arabic and dealing with all levels of the language pre classical arabic classical arabic modern standard arabic arabic vernaculars mixed varieties of arabic no other reference work offers this scale of contributions or depth and breadth of coverage the encyclopedia of arabic language and linguistics is therefore a standard reference work for students and researchers in the field of linguistics islamic studies arabic literature and other related fields

this book is concerned with the notions of pidginization and creolization and the role of these processes of language learning in the history of the arabic language it is argued that when a new type of arabic emerged after the islamic conquests in the 7th century ad the language went through these processes as can be concluded from the sociolinguistic context of the period the radical changes in the language that led to the development of the modern dialects are then seen as the result of pidginization and creolization data from the dialects are compared with phenomena in pidginized creolized languages and suggestions are given for the application of this framework to the history of other languages
