the introduction of the dvd marked the beginning of one of history s most successful technological innovations and capped a 75 year development of home viewing possibilities never before have film fans had access in their living rooms to something so remarkably close to the theatrical experience in addition because a dvd can hold much more than a single movie it has allowed films to be marketed with a variety of extras sparking both a new packaging industry and greater interest on the part of home viewers this book provides an examination of the dvd s impact both on home viewing and on film study from film fan culture through filmmaker commentaries from special editions to a look at where the format will go from here author aaron barlow offers the first ever exploration of this explosive new entertainment phenomenon as the dvd becomes the popular vehicle of record for films it is also becoming a unique and unprecedented way for the interested viewer to learn more about filmmaking than has ever been possible before because of its ability to reproduce the dimensions and quality of the celluloid image film fans and scholars can have practically perfect reproductions of classic and contemporary films at their disposal not only will this book be of interest to the burgeoning population of dvd fans and collectors but it will provide insights that should be of interest to both students of popular culture and of film

now that television shows can live forever as dvd sets the stories they can tell have changed television episodes are now crafted as chapters in a season long novel instead of free standing stories this book examines how this significant shift in storytelling occurred in 1981 nbc s hill street blues combined the cop show and the soap opera to set the model for primetime serial storytelling which is evident in the sopranos the wire and breaking bad in 1963 abc s the fugitive showed how an anthology series could tell a continuing tale influencing the x files house and fringe in 1987 nbc s the days and nights of molly dodd changed the situation comedy into attitudinal comedy leading to weeds nurse jackie and entourage the dvd novel how the way we watch television changed the television we watch not only examines how american television shows changed but also what television artists have been able to create the book provides an alternate history of american television that compares it to british television and explains the influence of dennis potter s the singing detective on the development of long form television and the evolution of drama shows and sitcoms the work considers a wide range of network and cable television shows paying special attention to the work of steven bochco david milch

and david simon and spotlighting the influence of graphic novels and literary novels in changing television

doug pratt is the leading reviewer of dvds a contributor to rolling stone and editor and publisher of the dvd laserdisc newsletter choice says pratt s writing is amusing comprehensive and informative rolling stone calls this two volume set the gold standard on all things dvd the set is unique in giving space to non feature film dvds the fastest growing area of the market not just a reference book it s also good reading

drawing on interviews with producers directors and scholars and examining the dvd s supplementary features this book explores how the format at its best combines the enthusiasm of a fan cinematic nostalgia and scholarly insight

stealing the network how to own the box is a unique book in the fiction department it combines stories that are fictional with technology that is real while none of the stories have happened there is no reason why they could not you could argue it provides a road map for criminal hackers but i say it does something else it provides a glimpse into the creative minds of some of today s best hackers and even the best hackers will tell you that the game is a mental one from the foreword to the first stealing the network book how to own the box jeff moss founder director black hat inc and founder of defcon for the very first time the complete stealing the network epic is available in an enormous over 1000 page volume complete with the final chapter of the saga and a dvd filled with behind the scenes video footage these groundbreaking books created a fictional world of hacker superheroes and villains based on real world technology tools and tactics it is almost as if the authors peered into the future as many of the techniques and scenarios in these books have come to pass this book contains all of the material from each of the four books in the stealing the network series all of the stories and tech from how to own the box how to own a continent how to own an identity how to own a shadow plus finally find out how the story ends the final chapter is here a dvd full of behind the scenes stories and insider info about the making of these cult classics now for the first time the entire series is one 1000 page book the dvd contains 20 minutes of behind the scenes footage readers will finally learn the fate of knuth in the much anticipated final chapter

film and television after dvd argues that dvd technology is part of a shift that heralds a new age for film and television critically examining the implications of dvd technology for key concerns within the fields of television film and new media studies
