the first major comprehensive treatment of urban revitalization in 35 years examines the federal government s relationship with urban america from the truman through the clinton administrations provides a telling critique of how in the long run government turned a blind eye to the fate of cities

since the 1950s and the advance of urban renewal local governments and urban policy have focused heavily on the central business district however such development has all but ignored the inner city neighborhoods that continue to struggle in the shadows of high rise america this analysis of urban neighborhoods in the united states from 1960 to 1995 presents fifteen essays by scholars of urban planning and development together they show how urban neighborhoods can and must be preserved as economic cultural and political centers
