mental evolution in animals by charles darwin first published in 1884 is a rare manuscript the original residing in one of the great libraries of the world this book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation restoration editors mission is to bring long out of print manuscripts back to life some smudges annotations or unclear text may still exist due to permanent damage to the original work we believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

it is easy to be enthusiastic about the story it is psychologic but with a difference the difference being the bright and compelling interest of mr hope s dialogue and the smiling sanity of his spirit imagine much that is best in meredith or james and all that is best in anthony hope and you have a fair idea of a servant of the public it is not the conventional story of the stage with glib talk of the greenroom and intimate glimpses behind the footlights it is the story of an actress off rather than on the stage an analysis of the theatrical perhaps artistic temperament

the sunny side is a long forgotten collection of short stories and poems by a a milne though milne is best known for his classic children s books these tales for adults shine just as brightly full of wit and wisdom from summer days to wartime from dogs to gardens and card games these stories are perfect reading in the hammock or by the fire
