cyberactivism is a timely collection of essays examining the growing importance of online activism the contributors show how online activists have not only incorporated recent technology as a tool for change but also how they have changed the meaning of activism what community means and how they conceive of collective identity and democratic change topics addressed range from the zapatista movement s use of the web to promote their cause globally to the establishment of alternative media sources

like indymedia org to the direct action of hacktivists who disrupt commercial computer networks cyberactivism is essential reading for anyone interested in understanding the impact of the internet on politics today

this collection focuses on the post independence educational development in zimbabwe it shows how the zanu pf regime has presided over the demise of education and covers a wide range of topics such as violence against teachers poor salaries student activism minority languages and curriculum innovations this volume argues that the regime has used education as a tool for repression curriculum innovations introduced and implemented in zimbabwe have little to do with improving the performance of the learners and more to do with stopping teachers from pushing the regime change agenda consequently this has resulted in a nation in crisis marked with high turnover poor economy and mass exodus of teachers and learners the contributors to this volume make various suggestions which could recenter education towards addressing the experiences of the learners as opposed to being used as a tool to push repression and thwart democracy

a new wave of thinkers from across different disciplines within the analytical tradition in philosophy has recently focused on critical societal challenges such as the silencing and questioning of the credibility of oppressed groups the political polarization that threatens the good functioning of democratic societies across the globe or the moral and political significance of gender race or sexual orientation appealing to both well established and younger international scholars this volume delves into some of the most relevant problems and discussions within the area bringing together for the first time different essays within what we deem to be a political turn in analytic philosophy this political turn consists of putting different conceptual and theoretical tools from epistemology philosophy of language philosophy of mind and metaphysics at the service of social and political change the aim is to ensure a better understanding of some of the key features of our social environments in an attempt to achieve a more just and equal society

the second edition of this formative collection offers analysis of the work rhetoric plays in the principles and practices of today s culture of democratic activism editors jonghwa lee and seth kahn and their diverse contributors working in communication and composition studies both within and outside academia provide explicit articulation of how activist rhetoric differs from the kinds of deliberative models that rhetoric has exalted for centuries contextualized through and by contributors everyday lives work and interests new to this edition are attention to black lives matter the transgender community social media environments globalization and environmental activism

simultaneously challenging and accessible activism and rhetoric theories and contexts for political engagement is a must read for students and scholars who are interested in or actively engaged in rhetoric composition political communication and social justice chapters 1 6 and 13 of this book are freely available as downloadable open access pdf at taylorfrancis com under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license

in august 2011 ethnographers carolina alonso bejarano and daniel m goldstein began a research project on undocumented immigration in the united states by volunteering at a center for migrant workers in new jersey two years later lucia lópez juárez and mirian a mijangos garcía two local immigrant workers from latin america joined alonso bejarano and goldstein as research assistants and quickly became equal partners for whom ethnographic practice was inseparable from activism in decolonizing ethnography the four coauthors offer a methodological and theoretical reassessment of social science research showing how it can function as a vehicle for activism and as a tool for marginalized people to theorize their lives tacking between personal narratives ethnographic field notes an original bilingual play about workers rights and examinations of anthropology as a discipline the coauthors show how the participation of mijangos garcía and lópez juárez transformed the project s activist and academic dimensions in so doing they offer a guide for those wishing to expand the potential of ethnography to serve as a means for social transformation and decolonization

a genuine one stop reference point for the many many differing strands of cultural analysis this isn t just one contender among many for the title of best multidisciplinary overview this is a true heavyweight matt hills cardiff university an achievement and a delight both compelling and useful beverley skeggs goldsmiths university of london with the cultural turn the concept of culture has assumed enormous importance in our understanding of the interrelations between social political and economic structures patterns of everyday interaction and systems of meaning making in the sage handbook of cultural analysis the leading figures in their fields explore the implications of this paradigm shift part i looks at the major disciplines of knowledge in the humanities and social sciences asking how they have been reshaped by the cultural turn and how they have elaborated distinctive new objects of knowledge parts ii and iii examine the questions arising from a practice of analysis in which the researcher is drawn reflexively into the object of study and in which methodological frameworks are rarely given in advance addressed to academics and advanced students in all fields of the social sciences and humanities the sage handbook of cultural analysis is at once a synthesis of advances in the field with a comprehensive coverage of the scholarly literature and a collection of original and provocative essays by some of the brightest intellectuals of

our time

responsible citizens are expected to combine ethical judgement with judiciously exercised social activism to preserve the moral foundation of democratic society and prevent political injustice but do they utilizing a research model integrating insights from rational choice theory and cognitive developmental psychology this book first published in 1997 carefully explores three exemplary cases of morally inspired activism jewish rescue in wartime europe abortion politics in the united states and peace and settler activism in israel from all three analyses a single conclusion emerges the most politically competent individuals are most often the least morally competent this is the central paradox of political morality these findings cast doubt on strong models of political morality characterized by enlightened moral reasoning and concerted political action while affirming alternative weak models that fuse activism with sectarian moral interests they provide empirical support to further upend the liberal vision of democratic character education and society

combining theoretical sophistication with a fundamental comprehension of the political institutions of the usa this study aims to demystify the workings of the united states supreme court and its place in democracy

essays on the role of translators as agents of change

this volume brings together essays of remarkable variety and fresh insight by leading feminists from africa asia latin america north america europe and scandinavia with clear eyed realism and passionate optimism these articles raise crucial historical organizational ethical conceptual strategic and practical issues facing feminists today the personal accounts political speeches and academic articles collected here reveal a vibrant and multifaceted transnational feminist community redefining wealth work peace democracy sexuality family human rights development community and citizenship they provide a sense of inter related issues being addressed at local national regional and global levels in generative ways which both honor local and global movements

white supremacist groups are highly secretive so their public propaganda tells us little about their operations or the people they attract to understand the world of organized racism it is necessary to study it from the inside by talking to their members and observing their groups doing so reveals a disturbing picture of how fairly ordinary white people learn to embrace the vicious ideas and dangerous agendas of white supremacism this book takes the reader inside organized racism revealing the kind of women and men who join groups such as the ku klux klan or neo nazi skinheads and

what they do in those groups the volume collects significant published works from renowned scholar kathleen m blee s work on racist activism alongside new essays on the theories methods and approaches of studying racist activism discussing topics such as emotional issues in research the place of violence and hate in white supremacism and how women are involved in racial terrorism blee makes use of a range of sources including oral histories ethnographic observations and interviews to shape her findings written by the pioneer and leading scholar of women in racist activism this volume is essential reading for students scholars and general readers interested in the areas of social movements politics race studies and american history
