essay from the year 2015 in the subject english language and literature studies culture and applied geography grade 1 0 university of tubingen department of english language english abstract in short beltane sometimes also spelled beltaine in ireland beltiunn in scotland shenn da boaldyn the calends of may in wales and also formerly known as cetshamhain was and in some places still is a very important feast in the gaelic world which marked the beginning of the warm half of the year and which was especially associated with fertility and the victory of a solar deity over the powers of darkness with the approach of summer and a new harvest to come growth and protection of crops and livestock played a very important role particularly among peoples which depended entirely on agriculture for this reason it does not seem surprising that the old celts had already in pre christian times certain rituals in order to appease the deity associated with the sun and to bid for protection of their cattle and their harvest on may eve and may day beltane fires were lit in order to honour and to encourage the power of the sun and libations and other sacrifices were made to the respective gods and animals as can be seen in the example above however there does not seem to have existed a unified way to celebrate beltane local variations and different traditions can be observed and it is very difficult to make universally valid claims concerning the procedures of the celtic beltane feasts in different areas it is nevertheless the aim of this paper to provide a very brief overview of this very important celtic feast in the following lines the most important days of the celtic ritual year will be introduced and it will be attempted to answer the questions what is beltane where does the name come from how was it celebrated and why was it so important moreover some interesting beltane traditions and rituals will be presented and a very brief overview of some present day beltane survivals and revivals will be provided

john arnold s very short introduction is a stimulating essay about how we study and understand history the book begins by inviting us to think about various

questions provoked by our investigation of history and explores the ways these questions have been answered in the past concepts such as causation interpretation and periodization are introduced by means of concrete examples of how historians work giving the reader a sense of the excitement of discovering not only the past but also ourselves

a concise and pedagogical introduction to string theory for graduate students featuring examples and homework problems
