combining social history with literary criticism james krippner martínez shows how a historiographically sensitive rereading of contemporaneous documents concerning the sixteenth century spanish conquest and evangelization of michoacán and of later writings using them can challenge traditional celebratory interpretations of missionary activity in early colonial mexico the book offers a fresh look at religion politics and the writing of history by employing a poststructuralist method that engages the exclusions as well as the content of the historical record the moments of doubt contradiction and ambiguity thereby uncovered lead to deconstructing a coherent conquest narrative that continues to resonate in our present age part i the politics of conquest deals with primary sources compiled from 1521 to 1565 krippner martínez here examines the execution of cazonci the indigenous ruler of michoacán as recounted in the trial record produced by his executioners explores the missionary indian encounter as revealed in the relación de michoacán and assesses the writings of michoacán s first bishop the legendary vasco de quiroga and their complex interplay of authoritarian paternalism and reformist hope part ii reflections looks at how the memory of these historical figures is represented in later eras a key text for this discussion is the crónica de michoacán written in the late eighteenth century by the franciscan intellectual pablo de beaumont krippner martínez concludes with a critique of the debate that initiated his investigation the controversy between latin americans and europeans over the colonialist legacy beginning with the latin american bishops conference in 1992

this book is the first comprehensive treatment in english of the ideology and practice of the inquisitional censors focusing on the case of mexico from the 1520s to the 1630s others have examined the effects of censorship but martin nesvig employs a nontraditional approach that focuses on the inner logic of censorship in order to examine the collective mentality ideological formation and practical application of ideology of the censors themselves nesvig shows that censorship was not only about the regulation of books but about censorship in the broader sense as a means to regulate catholic dogma and the content of religious thought in mexico decisions regarding censorship involved considerable debate and disagreement among censors thereby challenging the idea of the inquisition as a monolithic institution once adapted to cultural circumstances in mexico the inquisition and the index produced not a weapon of intellectual terror but a flexible apparatus of control
