understand the historical and cultural contributions of african americans get to know the people places and events that shaped the african american experience want to better understand black history this comprehensive straight forward guide traces the african american journey from africa and the slave trade through the civil war jim crow and the new millennium you ll be an eyewitness to the pivotal events that impacted america s past present and future and meet the inspiring leaders who struggled to bring about change how africans came to america black life before and after civil rights how slaves fought to be free the evolution of african american culture great accomplishments by black citizens what it means to be black in america today

blending a vivid narrative with more than 150 images of artwork painter offers a history from before slavery to today s hip hop culture written for a new generation

a fresh compilation of essays and entries based on the latest research this work documents african american culture and political activism from the slavery era through the 20th century encyclopedia of african american history introduces readers to the significant people events sociopolitical movements and ideas that have shaped african american life from earliest contact between african peoples and europeans through the late 20th century this encyclopedia places the african american experience in the context of the entire african diaspora with entries organized in sections on african european contact and enslavement culture resistance and identity during enslavement political activism from the revolutionary war to southern emancipation political activism from reconstruction to the modern civil rights movement black nationalism and urbanization and pan africanism and contemporary black america based on the latest scholarship and engagingly written there is no better go to reference for exploring the history of african americans and their distinctive impact on american society politics business literature art food clothing music language and technology contributions from over 100 specialists on african america and the african diaspora a spectacular selection of illustrations and photographs such as a kongo cosmogram the african burial ground in new york city and maps of the triangular trade and the underground railroad

what does it mean to be an american the story of the african american past demonstrates the difficulty of answering this seemingly simple question what does it mean to be an american the story of the african american past demonstrates the difficulty of answering this seemingly simple question if being american means living in a land of freedom and opportunity what are we to make of those americans who

were enslaved and who have suffered from the limitations of second class citizenship throughout their lives african american history illuminates the united states core paradoxes inviting profound questions about what it means to be an american a citizen and a human being this book considers how for centuries african americans have fought for what the black feminist intellectual anna julia cooper called the cause of freedom it begins in jamestown in 1619 when the first shipment of enslaved africans arrived in that settlement it narrates the creation of a system of racialized chattel slavery the eventual dismantling of that system in the national bloodletting of the civil war and the ways that civil rights disputes have continued to erupt in the more than 150 years since emancipation the cause of freedom carries forward to the black lives matter movement a grass roots activist convulsion that declared that african americans present and past have value and meaning at a moment when political debates grapple with the nation's obligation to acknowledge and perhaps even repair its original sin of racialized slavery the cause of freedom tells a story about our capacity and willingness to realize the ideal articulated in the country's founding document namely that all people were created equal

between the end of the nineteenth century and the outbreak of world war 2 africans displaced by colonial rule created an african american myth a myth which aggrandized the life and attainments of african americans despite full knowledge of the discrimination to which they were subjected the myth provided africans in all parts of the continent with much needed succour and underpinned various religious educational political and social models based on the experience of african americans whereby africans sought to better their own lives

when newly liberated african american slaves attempted to enter the marketplace and exercise their rights as citizens of the united states in 1865 few if any americans expected that a century and a half later the class divide between black and white americans would be as wide as it is today the united states has faced several potential key turning points in the status of african americans over the course of its history yet at each of these points the prevailing understanding of african americans and their place in the economic and political fabric of the country was at best contested and resolved on the side of second class citizenship the oxford handbook of african american citizenship 1865 present seeks to answer the question of what the united states would look like today if at the end of the civil war freed slaves had been granted full political social and economic rights it does so by tracing the historical evolution of

african american experiences from the dawn of reconstruction onward through the perspectives of sociology political science law economics education and psychology as a whole the book is the first systematic study of the gap between promise and performance of african americans since 1865 over the course of thirty four chapters written by some of the most eminent scholars of african american studies and across every major social discipline this handbook presents a full and powerful portrait of the particular hurdles faced by african americans and the distinctive contributions african americans have made to the development of u s institutions and culture as such it tracks where african americans have been in order to better illuminate the path ahead

a compelling story of agency survival struggle and triumph over adversity this text illuminates the central place of african americans in u s history by telling the story of what it has meant to be black in america and how african american history is inseparably woven into the greater context of american history african americans draws on recent research to present black history within broad social cultural and political frameworks from africa to the 21st century this book follows the long turbulent journey of african americans the rich culture they have nurtured throughout their history and the quest for freedom through which african americans have sought to counter oppression and racism this text also recognizes the diversity within the african american sphere providing coverage of class and gender and balancing the lives of ordinary men and women with accounts of black leaders note myhistorylab does not come automatically packaged with this text to purchase myhistorylab at no extra charge please visit myhistorylab com or use isbn 9780205090754
