the bestselling lpn lvn geriatric nursing textbook basic geriatric nursing 5th edition covers age appropriate nursing interventions in a variety of health care settings it includes the theories and concepts of aging covers expected physiologic and psychosocial changes and highlights delegation coordinated care end of life care patient teaching quality of life safety and home care this edition is updated with the latest issues and trends in geriatric nursing including changes to the health care system and demographics part of the popular lpn threads series gloria hoffman wold s text provides a clear and compassionate introduction to geriatric care complete coverage of key topics includes baby boomers and the impact of their aging on the health care system therapeutic communication cultural considerations spiritual influences evidence based practice in geriatric nursing and elder abuse restraints and ethical and legal issues in end of life care unique delegation leadership and management content is integrated throughout nursing process sections provide a framework for the discussion of the nursing care of the elderly patient as related to specific disorders unique a free study guide in the back of the book reinforces understanding with scenario based clinical activities and practice questions unique nursing interventions are numbered and grouped according to health care

setting e.g. acute care, extended care, home care in a patient-centered approach emphasizing the unique needs of the older adult. Unique nursing care plans with critical thinking questions help in understanding how a care plan is developed, how to evaluate care of a patient, and how to apply your knowledge to clinical scenarios. Unique critical thinking boxes help you to assimilate and synthesize information. Clinical situation boxes present patient scenarios with lessons for appropriate nursing care and patient sensitivity. Coordinated care boxes address such topics as restraints, elder abuse, and end of life care as related to responsibilities of nursing assistants and other health care workers who are supervised by LPN/LVNs. Unique complementary and alternative therapies boxes address specific therapies commonly used by the geriatric population for health promotion and pain relief. Cultural considerations boxes encourage culturally sensitive care of older adults. Unique patient teaching boxes highlight health promotion, disease prevention, and age-specific interventions. Unique LPN threads make learning easier, featuring an appropriate reading level, key terms with phonetic pronunciations, and text page references. Chapter objectives, special features boxes, and full-color art, photographs, and design.

New QSEN boxes provide you with the knowledge, skills, and attitudes necessary to continuously improve the quality and safety of care of the older adult. New nurse alert feature emphasizes important safety and health promotion content specific to the elderly patient. New updated and expanded art program makes learning the material easier through clear and timely photographs and illustrations.

Prepare for a successful career in caring for geriatric populations with Williams' Basic Geriatric Nursing, 6th edition. This easy-to-read bestseller includes the latest information on health care policy and insurance practices and presents the theories and concepts of aging and appropriate nursing interventions with an emphasis on health promotion. Part of the popular LPN/LVN Threads series, it provides opportunities for enhanced learning with additional figures, an interactive new study guide on Evolve, and real-world clinical scenarios that help you apply concepts to practice. Complete coverage of key topics includes baby boomers and the impact of their aging on the health care system, therapeutic communication, cultural considerations, spiritual influences, evidence-based practice in geriatric nursing, and elder abuse, restraints, and ethical and legal issues in end of life care. Updated discussion of issues and trends includes demographic factors and economic, social, cultural, and family influences. Get ready for the NCLEX examination: section at the end of each chapter includes key points along with new review questions for the NCLEX examination and critical thinking, which may be used for individual, small group, or classroom review. Unique streamlined coverage of nutrition and fluid balance integrates these essential topics. Delegation, leadership, and management content integrated throughout nursing process sections provide a framework for the discussion of the nursing care of the elderly patient as related to specific disorders. Nursing care plans with critical thinking questions help in understanding how a care plan is developed, how to evaluate care of a patient, and how to apply knowledge to clinical scenarios. LPN/LVN threads make learning easier, featuring an appropriate reading level, key terms with phonetic pronunciations, and text page references. Chapter objectives, special features boxes, and full-color art, photographs, and design. Unique complementary and alternative therapies boxes address specific therapies commonly used by the geriatric population for health promotion and pain relief. Health promotion boxes highlight health promotion, disease prevention, and age-specific interventions. Home health considerations boxes provide information on home health care for the older adult. Coordinated care boxes address such topics as restraints, elder abuse, and end of life care as related to responsibilities of nursing assistants and other health care workers who are supervised by LPN/LVNs. Clinical situation boxes present patient scenarios with lessons for appropriate nursing care and patient sensitivity. Critical thinking boxes help you to assimilate and synthesize information. 10th grade reading level makes learning easier. New QSEN competencies briefly introduced in the text to help you provide safe, quality care. New and unique: a free study guide presented in a comprehensive PDF format on Evolve reinforces understanding and features an interactive grading functionality for instructors' convenience.
