what is the biblical truth of the godhead this study examines the godhead god the father god the son and god the holy spirit this unchanging trinity is one in thought in character and in purpose ultimately the godhead is love giving redemption and salvation to any and all who have departed from this love and law of love if they truly desire it this free gift of forgiveness and salvation cost the godhead more than we could ever imagine they created the universe and everything in it yet would allow a part of themselves to be crucified and die for even one of us in this book the author strives to share who the godhead is what they do and how very much they love us and want us all to be saved

here is the first english translation based on the new critical edition of the flowing light of the godhead the sole mystical visionary work of mechthild a 13th century c 1260 c 1282 94 german beguine this challenging work of deep religious insight reflects mechthild s inner life and god s as well employing a great variety of traditional medieval literary forms and genres in prose and verse

the physical resurrection of jesus christ forever changed the nature of the godhead indeed the birth

and death of jesus christ changed the nature of the godhead but his physical resurrection changed it forever the simple truth is that within the nature of the godhead jesus christ has a physical resurrected body of flesh and bones how does his physical resurrected body affect the nature of the godhead is god a spirit if jesus christ is the oneness god or a third part of the trinity god how can either of these gods be a spirit when jesus christ has a resurrected body of flesh and bones it is impossible if the oneness god or the trinity god is a spirit then christ is a spirit which means he died a second time his body and spirit would have separated a second time the oneness and trinity doctrines are really descriptions of a failed resurrection and atonement the good news is that christ being raised from the dead dieth no more romans 6 9 10 this being so what is really the true nature of the godhead with a physical christ now is the time find out by reading this book

is there one god or three how does one reconcile the one god of the sh ma with the three persons of the trinity the doctrine of the trinity has been at the heart of much theological controversy the routine objection is that the doctrine sacrifices monotheism to tritheism but this objection thrives on a misconception of divine personality in the image of disparate individual human selves this type of rationalistic apologetics promotive of trinitarianism on speculative rather than revelational grounds regrettably encourages this misunderstanding one of the reasons we suffer such misunderstanding is due to our relying on models chuck explores the ostensible tensions between the old and new testament revelations of the ultimate mystery of the godhead this is a foundational study for every christian

carefully crafted precisely written and fully documented this doctrinal resource assembles an abundance of meaningful new scriptural patterns have any questions about the nature of the godhead look no further the godhead new scriptural insights on the father the son and the holy ghost will not only answer your questions but it will also intrigue you with insights you may not have pondered before christian beliefs about god attributes and physical natures of godhead members individual insights on god the son god the holy ghost and god the father and the ultimate objectives of divinity new doctrines no they ve been in the scriptures for centuries but profound new insights by the hundreds the godhead shows historically and scripturally how allegorical interpretation methodologies of trinity advocates altered the major doctrines of christianity causing them to discount the many literal biblical statements concerning the nature of god other major contributions of the godhead include its numerous insights on premortal events its compilation of hundreds of scriptures showing the physical nature of god and its in depth scriptural demonstration that jesus is jehovah more key insights treat the essential attributes of godhead members their spirit nature their threeness and oneness relationships the varied fatherhood roles of jesus christ the nature of glory christ s roles among the gods and how mankind can attain godhood author duane s crowther is widely known for his indepth doctrinal studies on many topics including his books prophecy key to the future life everlasting and prophets and prophecies of the old testament

this is one of the most complete books on the detailed explanation of the godhead here we explain the plurality of the personal pronoun ēlōhī ym and its usage in each passage used in relation to the

godhead also all the passages in the old testament and the new testament that refer to the godhead we explain the full context of genesis 18 1 8 19 1 3 exodus 24 9 11 the use of over 250 names related to the godhead biblical evidence for the plurality of persons in the godhead in full context the visible manifestation of god to moses in exodus 33 74 eyewitnesses in exodus 24 9 11 abraham in genesis 18 explanation of judges 6 22 23 genesis 32 22 30 a solid knowledge essential for those who really want to know more about the scriptures among other things

the book challenges christianity s often believed understanding on the godhead the author is concerned about the dangers of just accepting what one has been taught about the topic without going to scripture to substantiate it christians joined religious groupings for the primary purpose of being saved not necessarily for belonging for the sake of it however the concern comes when at the end the very god one thought he or she worshipped says i do not know you what a treble loss will such a one experience this study is motivated by the rationale that it is an absolute imperative that every christian should be clear about not only the standard of worship acceptable to his or her creator but also the object of their worship he or she should have no vestige of doubt about whether he or she is worshiping in spirit and in truth and yet for one to be able to worship acceptably he or she must address his or her worship to the right god in addition to obviously offering the worship correctly after all is it not true that it is possible to be in the right church and still worship a wrong god or worship the right god in a manner that falls short of being acceptable recall that the children of biological israel thought they were the chosen nation only to crucify the very one who had chosen them to be his peculiar people according to 1 peter 5v17 18 judgment begins in the house of god i mean the house of the true god why the implication is clearly that it is possible for those in the correct church to still get lost because they would have fallen short of the required standard of worship or even worse worshiped the wrong god recall christ s answer when he was asked about which commandment is the greatest he said the first of all the commandments is this hear o israel the lord our god the lord is one and you shall love the lord your god with all your heart with all your soul with all your mind and with all your strength this is the first commandment mark 12v29 30 other versions say the first and principal or the foremost or in simple the greatest this logically means that anyone breaking this commandment has to be the greatest sinner therefore dear child of god while there are many false gods the true god is only one you have to be sure of the god you worship so that you have no doubt that he is the one and only true god and that you are worshiping him correctly may god bless and richly reward you in your search for him in all matters that pertain to inspiration christians are better advised to tread carefully lest they mix the common with the sacred and get struck down as did others in the past as recorded in scripture i find that the only safe course to take in order to optimally benefit from this study is to present the evidence from scripture impartially no attempt should be made to hide anything even those points that seem to go contrary to one s current understanding then from the weight of evidence alone one is to choose what makes sense the safest course is to completely leave out the will of man and let the will of god prevail in each circumstance i know this last step is not a very easy one to adopt except when guided by the power of the holy spirit because the human mind will often strive to read its own prejudices into any presentation may god help both the author and the reader to be

divested of every vestige of prejudice so that only that which the word of god says should prevail will ultimately do so give glory to god the author hopes that in studying the word of god christians will discover the truth about the god they intend to spend their eternity with

the mystery of the godhead is indeed a mystery and there is not enough material written on the subject in my search i found some material written on god the son and the holy spirit it was not enough to answer the questions in my mind proper understanding and knowledge was missing this book is written with much fear of the lord in a prayerful way to honor the lord jesus christ some much needed honor since god elected the nation of israel to be his witnesses in isaiah 43 10 they failed god because of rebellion and sin the church is now given this task ephesians 3 10 to the intent that now unto the principalities and powers in heavenly places might be known by the church the manifold wisdom of god i am a simple minister in the church and by this revelation given me by the lord do declare the manifold wisdom that there is one god and three manifestations of this true and only god hosea 4 2 hear the word of the lord y children of israel for the lord hath a controversy with the inhabitants of the land because there is truth nor mercy nor knowledge of god in the land i pray that you the reader will find the knowledge of god to be a teacher of this mystery

the godhead consisting of the father the son jesus christ and the holy ghost has been a topic of doctrinal dispute for almost as many years as as christianity has existed numerous philosophies opinions and creeds have done little to settle the controversy in fact for many christians the volume of perspectives have done the opposite is the godhead one united entity in form substance and purpose is the godhead three entities in one or is the godhead made up of three distinct individuals of separate substance but having a united purpose these are just a few of the many questions surrounding god our father in heaven jesus christ his son and the holy ghost there are lots of places to turn for opinions but outside of heavenly intervention there is only one main source to find for answers for yourself the holy scriptures this book does just that it condenses all of the verses in the new testament kjv that speak about or refer to the godhead when read topically intentionally focusing on one aspect of spirituality the godhead we can get a clearer picture who god is and his makeup after all god s only begotten son told us that knowing who his father is and who the son is is of immeasurable worth and this is life eternal that they might know thee the only true god and jesus christ whom thou hast sent jn 17 3 if for that reason only it would be valuable to read this book

the godhead brings all previous versions of unveiling god s presence in the bible into this final edition this meticulously written work systematically guides students of the word through the scriptures unveiling the manifold manifestations and actions of the godhead in ways never imagined drawing from 30 years of research on the subject matter the author presents a compelling narrative that simplifies and accurately reveals the lord s identity in the bible once you pick this book up and begin to read you won t be able to put it down a true game changer and essential read as acclaimed by the sacramento book review seay s book is thorough and for certain christians who are ready for intense bible study in this tradition this book may offer new

insights into familiar stories

do you believe that the fruit is a part of the tree and vice versa do you believe that the tree is intrinsically a part of the seed do you believe that the seed is an indwelling component of the fruit are the seed fruit and tree distinct within themselves yet connected if you answered yes to these questions then you have grasped an understanding of the triunity of the godhead the theocracy of the kingdom of the godhead is comprised of three supreme co eternal and co existing members using this simple yet profound analogy this book explores the triune nature of god the father jesus the son and the indwelling holy spirit the mystery of the dynamics of triunity three yet one not only exist in the godhead but exist in creation in nature in human experiences in the spirit realm and in the ultimate salvation of all mankind this book will finally answer one of the most mysterious questions of our times can three be one

is the godhead a membership of three individual persons or is jesus christ the only person where is i john 5 7 in the newer versions of the bible why are translators omitting or changing this verse of scripture these questions are provoking further study

this book offers a concise examination of the study of the godhead from a biblical perspective rather than basing its findings off of tradition it relies solely upon the scriptures four principles are offered which completely explain the godhead each principle is based on a particular passage from the bible what many call a mystery beyond comprehension is explained in terms simple enough for most anyone to understand

a compilation of statements from ellen white regarding the godhead

the mystery of the godhead was first spoken of by apostle paul the mystery actually is about how the godhead or trinity was instituted by the father comprising of the eternal father of life the son and the holy spirit it contains great detail about how and why the father formed the godhead that their hearts might be comforted being knit together in love and unto all riches of the full assurance of understanding to the acknowledgement of the mystery of god and of the father and of christ col 2 2 kjv there have been people who have doubted the mystery of the godhead as not true they believe that there is only one god and not three in fact this is not actually the major problem with regards to the mystery even for those who believe in this mystery of the trinity they wonder how god can be three and at the same time one how simple can we understand it we often don t understand why the creator of universe should decide to make himself three in the first place instead of just being one person this means there is something about this mystery which confuses every one of us christians as well and there should be a secret thus a mystery about it many others are also not sure whether the son is greater than the holy spirit or whether the spirit is greater than the son because the son seemed to be placed second when calling the members of the trinity god the father god the son and god the holy spirit some christians are also not sure whether they came all at once or came together at different times however if this mystery does not exist why would the

bible talk about it 16 all scripture is given by inspiration of god and is profitable for doctrine for reproof for correction for instruction in righteousness 17 that the man of god may be perfect thoroughly furnished unto all good works 2 tim 3 16 17 one class of people who doubt the revelation of the trinity is unbelievers of the gospel of jesus christ the doctrine of the trinity alone deters them from believing in the salvation plan of god they don t accept the fact that jesus christ is god and equal to his god s glory they believe he is a man or just one of the prophets just like any other prophets claiming to be sent by god how can he being a man makes himself equal with god was he not the son of joseph was he not born by a woman yet why should god find it very important to reveal the mystery to his apostles who teach the early churches the church till date have not understood the mystery to its fullest point and so our knowledge about our god is not complete all these make it very important for mankind especially christians to acquire more knowledge about our god and how and why he does his things most of the revelations in this book are new hence as you read it will be like you are flowing through a stream of living water which satisfies your soul it is a book among books this is because the book also starts by revealing to you the mystery of god s origination what have been hidden before men eyes are here it s one in a million your thirst shall definitely be quenched this book is all you need surely it is the knowledge you have been seeking about god from ages it is worth reading

there are so many conflicting ideas about who god is what is the truth the author was raised a seventh day adventist and in his early teens accepted the anti trinitarian view of god but a few years later experienced some unease with these teachings and chose to search out more thoroughly the truth for himself the result he is now a confirmed believer in the eternal heavenly trio father son and holy spirit this book documents the author s journey to understand god and outlines the evidence that changed his view on god
