the stories are alternately suspenseful scary horrifying and totally gripping all the stories are well developed and original deserves 5 stars amazon reviewer i like horror stories and these are amazing they re seriously scary some are terrifying the usp of these stories is that it has many twists which changes the plot in unexpected ways description kelly sidkey once famously quoted that though she does not believe in ghosts she sees them all the time in the woods of scotland in the open fields of ireland

and across the united kingdom it s not surprising that in her stories she has shared her real life experiences about ghouls witches and genies her supernatural escapades are her personal experiences and therefore harder to ignore this collection of horror stories brings together all of kelly sidkey s tales of the paranormal it opens with her best known and highest grosser story the bridge set in the southern part of scotland and ends with the spine chilling macabre the tomb where the visitors from the grave won t let you get out alive in between is the tale of the haunted castle in ireland where something is very evil and very real and when the terror starts it comes with horrifying violence and brutal finality it is the perfect collection to have by your bedside when the wind is chilly ad the moon is up reviews i completed the book in a single sitting it s a horror story very well written my grandchildren loved it and demanded more excellent could feel the characters i am waiting for more horror books of kelly sidkey to come up couldn t help but cringe at the horrific angle of the story loved every page of it captivating but disturbing i think weak hearted should not read this book one of my best books till date i finished reading this book three times gripping plot in all the chapters and everything moves at a fast pace a horror story with a difference that holds you till the end 5 stars
