individualization argues that we are in the midst of a fundamental change in the nature of society and politics this change hinges around two processes globalization and individualization the book demonstrates that individualization is a structural characteristic of highly differentiated societies and does not imperil social cohesion but actually makes it possible ulrich beck and elisabeth beck gernsheim argue that it is vital to distinguish between the neo liberal idea of the free market individual and the concept of individualization the result is the most complete discussion of individualization currently available showing how individualization relates to basic social rights and also paid employment and concluding that in

reprint of the original first published in 1881 the antigonos publishing house specialises in the publication of reprints of historical books we make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

we are all settlers on our own personal frontiers it s our national way of life individualism america has now taken individualism to its logical extreme like no other society on earth and the results are mixed radical autonomy without wisdom and lots of social support is a dangerous gift it can even become a curse of self destruction this book explores how individualism affects the five major domains of american life that

comprise 80 of our waking time work fun food friends and family using fresh national research on older americans life experiences his training as a cultural anthropologist and his own awkward life experiences dr richardson has crafted a first of its kind social history of the late 20th century and what it yielded to us as a nation part one how to make a hyper individualistic society in seven easy steps part two how it became awkward at work part three how we got lost in the american fun house part four how we came to eat whatever whenever part five how we turned friends into entertainment devices part six the atomization of the american family part seven the future of individualism in america dr richardson argues that individualism is not an inevitable way of life we can take our gifts of autonomy and calibrate them to a more community oriented future we have to truly understand what we have before we make changes we would regret as a country

a panoramic history of american individualism from its nineteenth century origins to today s bitterly divided politics individualism is a defining feature of american public life its influence is pervasive today with liberals and conservatives alike promising to expand personal freedom and defend individual rights against unwanted intrusion be it from big government big corporations or intolerant majorities the roots of american individualism traces the origins of individualist ideas to the turbulent political controversies of the jacksonian era 1820 1850 and explores their enduring influence on american politics and culture alex zakaras plunges readers into the spirited and rancorous political debates of andrew jackson s america drawing on the stump speeches newspaper editorials magazine articles and sermons that captivated mass audiences and shaped partisan identities he shows how these debates popularized three powerful myths that celebrated the young nation as an exceptional land of liberty the myth of the independent proprietor the myth of the rights bearer and the myth of the self made man the roots of american individualism reveals how generations of politicians pundits and provocateurs have invoked these myths for competing political purposes time and again the myths were used to determine who would enjoy equal rights and freedoms and who would not they also conjured up heavily idealized apolitical visions of social harmony and boundless opportunity typically centered on the free market that have distorted american political thought to this day

new edition forthcoming in time for fall 2017 the myth of individualism offers a concise introduction to sociology and sociological thinking drawing upon personal stories historical events and sociological research callero shows how powerful social forces shape individual lives in subtle but compelling ways

in the spirit of recent works such as habits of the heart and the closing of the american mind ralph ketcham s individualism and public life asks whether the individualism which has made possible so many of the material advances we enjoy may also be the cause of the shortcomings troubling our society today by tracing the development of individualism from its origins in classical and judeo christian traditions and enlisting the insights of east asian cultures ketcham re evaluates the individualism which characterizes contemporary american society he then poses a new politics of the public interest including revised ideas of citizenship leadership and decision making in a grand attempt to reconcile the individualism of american liberalism with a healthy conception of public life

of the many ideas that inspired and shaped the american founding fathers thought individualism and a commitment to individual rights were primary among them the american emphasis on the individual in politics and society and the protection he receives in the us constitution established the united states as an ideological trailblazer in this regard however the individualism that inspired the founders has transformed over time to reflect the changing economic and social landscape in the

united states individualism in the united states provides a comprehensive introduction to the idea of individualism in american political development and a well grounded argument about the social and political implications of our current understanding of this alleged ideal
