providing a cornerstone to the global debate on equity and inclusion within education this handbook explores equity issues pertaining to poverty and social class race ethnicity sociocultural sociolinguistic exclusion in education and recognises intersectionality and gender across these dimensions this carefully curated collection of essays written by international experts promotes inclusive systems in education that explicitly recognise the voices of learners who may be at risk of marginalisation exclusion or underachievement developing a multilayered innovative conceptual framework involving spatial emotional relational and dialogical turns for education it emphasises key system points for reform including building strategic bridges between health and education for vulnerable groups and shifts in focus for initial teacher education and the wider curriculum the handbook is organised into the following key parts theoretical frameworks funding models and structures for equity and inclusive systems exclusion and discrimination bridging health and education agency and empowerment outreach and engagement the routledge international handbook of equity and inclusion in education will be of great value to academics operating in the areas of education psychology sociology social policy ethnography cultural studies researchers in university research centres and in policy institutes pertaining to education poverty social inclusion as well as international organisations involved with inclusion in education

governments and institutions perhaps even more than markets determine who gets what in our society they make the crucial choices about who pays the taxes who gets into college who gets medical care who gets drafted where the hazardous waste dump is sited and how much we pay for public services debate about these issues inevitably centers on the question of whether the solution is fair in this book h peyton young offers a systematic explanation of what we mean by fairness in distributing public resources and burdens and applies the theory to actual cases

since the landmark desegregation decisions in the brown vs board of education cases the proper role of the federal judiciary has been hotly debated has the federal judiciary in its attempt to legislate social policy overstepped its constitutional boundaries in this volume gary mcdowell considers the equity power created by article iii of

the constitution on which the most controversial decisions of the supreme court have rested he points out the equity was originally understood as an extraordinary means of offering relief to individuals in cases of fraud accident mistake or trust and as a means of confining the operation of unjust and partial laws it has now been stretched to offer relief to broadly defined social classes this sociological understanding in mcdowell s view has undermined equity as a substantive body of law he urges a return to the former definition as a means of restraining the reach of federal jurisdiction

under ifrs u s gaap and the sec rules and regulations business enterprises must recognise measure and disclose information regarding equity items on the face of the statement of financial position other specific statements or in the notes to the financial statements however under both ifrs and u s gaap there is no all inclusive general standard on stockholders equity this book clarifies the process of reporting stockholders equity in a manner which can be reconciled under all the relevant standards not only has the author addressed the informational needs of the players in the accounting industry he has also drawn based on his vast experience practical implications of reporting under both standards noraini mohd nasir journal of financial reporting and accounting
