pen hemingway award winner whitening award winner smart moving and funny a unique coming of age story about a quirky overworked narrator who seems to be on the cusp of a perfect life but finds herself on a new path of discoveries about everything she thought she knew told in a hilarious deadpan that recalls gish jen and nora ephron o the oprah magazine at first glance the life of the narrator of weike wang s debut novel seems ideal she is studying for a prestigious phd in chemistry that will make her chinese parents proud or at least satisfied and her successful supportive boyfriend has just proposed to her but instead of feeling hopeful she is wracked with ambivalence the long demanding hours at the lab have created an exquisite pressure cooker and she doesn t know how to answer the marriage question soon it all becomes too much and her life plan veers off course

victor stanley is on a business trip to japan he is demonstrating a remarkable new anti counterfeiting coating recently invented and proved by the english advanced electro chemical company nti plc nti have a close working relationship with the japanese electronics company nonaka industries where a joint venture is likely to be established his contact there is kenexo nonaka son of the owner lee doo hwan is a korean working out of singapore with fingers in many shady activities but also legitimate businesses one of which is in electronics amongst his employees is the beautiful veronica tan who s fathers business he had effectively stolen some years back leading to mr tan s heart attack and death veronica was waiting for her revenge

1 global bestseller with more than 8 million copies sold meet elizabeth zott a gifted research chemist absurdly self assured and immune to social convention the washington post in 1960s california whose career takes a detour when she becomes the unlikely star of a beloved tv cooking show stream on apple tv this novel is irresistible satisfying and full of fuel the new york times book review and witty sometimes hilarious the catch 22 of early feminism stephen king via twitter a best book of the year the new york times washington post npr oprah daily entertainment weekly newsweek chemist elizabeth zott is not your average woman in fact elizabeth zott would be the first to point out that there is no such thing as an average woman but it s the early 1960s and her all male team at hastings research institute takes a very unscientific view of equality except for one calvin evans the lonely brilliant nobel prize nominated grudge holder who falls in love with of all things her mind true chemistry results but like science life is unpredictable which is why a few years later elizabeth zott finds herself not only a single mother but the reluctant star of america s most beloved cooking show supper at six elizabeth s unusual approach to cooking combine one tablespoon acetic acid with a pinch of sodium chloride proves revolutionary but as her following grows not everyone is happy because as it turns out elizabeth zott isn t just teaching women to cook she s daring them to change the status quo laugh out loud funny shrewdly observant and studded with a dazzling cast of supporting characters lessons in chemistry is as original and vibrant as its protagonist

the second of a two volume textbook for college general chemistry students this book takes a novel approach on two fronts it s written and formatted in a way that encourages it be read just like any other book while also eschewing many of the traditional tropes of traditional chemistry textbooks figures graphs and tables are embedded within the text itself usually without labels or captions in an attempt to keep the narrative flow going similarly sample calculations are presented in a step by step fashion to mimic how an instructor would guide a student through a problem if he or she were doing it in person

like his brothers luis fuentes is a risk taker whether he s scaling the rocky mountains or dreaming of a future as an astronaut luis is always looking for the next thrill nikki cruz lives her life by certain rules don t trust a boy who says i love you boys lie to get their own way and never date a boy from the south side of fairfield then she meets luis at his brother alex s wedding and suddenly she s tempted to break all her rules getting nikki to give him a chance is luis s biggest challenge until he finds himself targeted by the head of the gang that nearly destroyed his brothers lives will luis s feelings for nikki be enough to stop him from entering a dark and violent world that could prove to be the ultimate risk the final instalment in the steamy romantic and thrilling perfect chemistry trilogy

is this love or just oxytocin the brilliant second novel by the bestselling author of things my girlfriend and i have argued about tom cartwright is a ghost writer eking out a living in edinburgh he is always ready to assume the persona of a struggling working mother of four or a round the world yachtsman or a sensual aromatherapist indeed anyone his agent asks him to be so long as it brings in money when he is offered the highly lucrative task of ghosting the autobiography of glamorous young soap star georgina nye he and his girlfriend sara are thrilled sara is a big fan of george s and tom will finally be able to afford some new carpets for their house but soon things go awry when tom finds himself drawn to george by forces outside his control even though they are inside his own body does his relationship with sara stand a chance in the face of this explosion of chemistry is this love or just oxytocin and is there a difference

from the use of metals by prehistoric man to the alchemical experiments of medieval and renaissance man to the complex chemical skills of contemporary man asimov traces the development of this building block of our technological world

first in series can be read as a stand alone novel if you like nerdy romantic comedies with strong female leads this is the book for you lucy london puts the word genius to shame having obtained her phd in microbiology by the age of twenty she s amassed a wealth of knowledge but one subject still eludes her people the pendulum of passions experienced by those around her both confuses and intrigues her so when she s offered a grant to study emotion as a pathogen she jumps on the opportunity when her attempts to come up with an actual experiment quickly drop from lackluster to nonexistent she s given a choice figure out how to conduct a groundbreaking study on passion or lose both the grant and her position at the university put on leave until she can crack the perfect proposal she finds there s only one way she can study emotions by experiencing them herself enter jensen walker lucy s neighbor and the one person on the planet she finds strangely and maddeningly appealing jensen s life is the stuff of campus legend messy emotional complicated in short the perfect starting point for lucy s study when her tenaciousness wears him down and he consents to help her sparks fly to her surprise lucy finds herself battling with her own emotions as foreign as they are intense with the clock ticking on her deadline lucy must decide what s more important analyzing her passions or giving in to them perfectly imperfect characters and situations make frame s debut novel sparkle there s a very real sense of character growth brought to life by an evolving narrative style that parallels lucy s metamorphosis the blend of humor and heart makes for a thoughtful highly entertaining read publishers weekly keywords college romance new adult genius heroine found family women friendships girl next door boy next door romantic comedy friends to lovers chick lit
