children's memories of past lives
adults memories of past lives
reincarnation revealed through regression therapy
once you have read this book you will no longer be the same person as you are now at least as far as

your outlook on life is concerned since the end of year 2000 reincarnation has finally been proven the famous psychiatrist professor ian stevenson m d has scientifically proven that reincarnation is a fact a number of case histories substantiate this claim some of these have come from children and adults who remembered their past lives accurately others were retrieved by means of regression techniques the interest in reincarnation is growing every year today we no longer need to simply have faith since reincarnation has been scientifically proven just as the law of gravity was proven some time ago we are now able to know that it is possible to return to this world repeatedly what was until recently a belief for millions of people has now been discovered to be a truth trutz hardo is a well known expert on reincarnation and regression therapy he holds seminars in europe australia u s a and india he has appeared on several television programmes

in this fascinating book paul roland delves into the fascinating mysteries of reincarnation the idea of rebirth is at the heart of many religions and philosophies and discovering the truths about our past lives can help us understand who we are today here you will find an array of captivating stories of people who have remembered their previous lives ranging from children able to identify long dead relatives to sisters who could remember how they died to a man who vividly remembers his time as a confederate colonel in the american civil war reincarnation also includes exercises to help you uncover your past lives instructions to identify symptoms of past life traumas exclusive interviews with carol bowman and lee everett two of america s foremost regression therapists

a person you ve never met before seems strangely familiar you seem to have intense memories of a place you ve never been you have an experience you know is new but it feels as if it s happened before for many people reincarnation is a reality in this stunning and unusual book frederick lenz brings together men and women from all walks of life who vividly and with great conviction describe experiences and relationships from previous lifetimes

in this fascinating book roy stemman displays the impressive body of evidence which he has uncovered to support the case for reincarnation he documents the best cases on record reveals the exciting reincarnation research being undertaken by eminent scientists and shares the astonishing first hand accounts of people who remember a past life

born again includes the most important cases providing evidence of reincarnation including cases researched by ian stevenson md at the university of virginia dr semkiw methodically presents crucial reincarnation cases in easy to read synopses such as the james huston james leininger case which demonstrate principles of reincarnation these principles include the observations that facial features personality traits talents and passions can remain consistent from lifetime to lifetime dr semkiw also reviews the very significant ian stevenson twin study case which shows that souls can plan lifetimes so that loved ones can be reunited within families through reincarnation xenoglossy cases researched by ian stevenson md where individuals can speak and understand a foreign language that was not learned by normal means are also presented these cases show that past life personalities are retained intact within the soul born again is a reincarnation primer that sets the stage for many additional cases presented on the reincarnation research website a nonprofit organization dedicated to reincarnation research

offers a comprehensive account of mr li s work with 100 reincarnators from the area of pingyang as well as dozens of its surrounding rural villages all case studies are carefully documented to preserve the authenticity of their narratives with accompanying video interviews available for reference while there had been many accounts of reincarnation in the world in which the subjects were able to recall memories from a past life the cases detailed in this book are unique in that their subjects share a rare ability to recall memories from the intermediary stage between death and rebirth this unusual trait reveals groundbreaking and thought provoking details about the activities of spirits beyond the land of the living and offers an invaluable addition to the field of reincarnation research cover page 4

in this introductory book about children who seem to remember past lives the author takes readers on a tour through the most significant cases compiled in the scientific reincarnation literature she also gives parents practical guidelines so that they can help their child in case they suspect he has begun to talk about a past life finally the possible explanations of this phenomenon are analyzed based on the most recent investigations dealing with the survival of consciousness after death always using a straightforward and readable language comprehensible for all audiences the conclusions won t leave you indifferent

cases of responsive xenoglossy thus add to the evidence concerning the survival of human personality after death

accounts and evidence of reincarnation from around the world presented in a clear and easy to follow journalistic style with a riley s believe it or not overtone that makes for a perspective changing read

in this book children from all around the world remember their past lives and eminent scientists explain how many of these children s stories have been followed up to verify whether their statements have any foundation in fact incredibly when subjected to scientific investigation children s memories about their past lives can invariably be confirmed in every detail supported by overwhelming scientific evidence the children s stories in this book suggest that reincarnation is a reality for us all whether they are from england europe the usa lebanon south africa israel india brazil sri lanka or turkey children who have lived before offer us insights into our global future as well as profound messages from our collective past this book is a must for anyone interested in the subject of reincarnation trutz hardo presents convincing evidence on reincarnation that will even give the toughest sceptic much to think about i hope that finally many readers will learn the truth of reincarnation elizabeth kubler ross author of on death and dying

a riveting firsthand account of one man s mission to investigate and document some of the most astonishing phenomena of our time children who speak of past life memory and reincarnation all across the globe small children spontaneously speak of previous lives beg to be taken home pine for mothers and husbands and mistresses from another life and know things that there seems to be no normal way for them to know from the moment these children can talk they speak of people and events from the past not vague stories of centuries ago but details of specific identifiable individuals who may have died just months weeks or even hours before the birth of the child in question for thirty seven years dr ian stevenson has traveled the world from lebanon to suburban virginia investigating and documenting more than two thousand of these past life memory cases now his essentially unknown work is being brought to the mainstream by tom shroder the first journalist to have the privilege of accompanying dr stevenson in his fieldwork shroder follows stevenson into the lives of children and

families touched by this phenomenon changing from skeptic to believer as he comes face to face with concrete evidence he cannot discount in this spellbinding and true story

the concept of reincarnation has been around for thousands of years and is a part of many religions including hinduism buddhism jainism and sikhism in addition to these religious beliefs many people believe it offers an explanation for the mysteries of life there are children that claim to remember previous lives as adults or even animals these claimed memories might affect the development of the child and be incorporated into the child's personality this book presents an in depth look at dr stevenson's forty years studying children who claim to remember previous lives it is an informative professional read that dispels common misconceptions about reincarnation and offers an open minded perspective it provides an overview of the history of the belief in and evidence for reincarnation with new material relating to birthmarks and birth defects independent replication studies and recent developments in genetic study it also covers research on children the methods used the cases studied and the analyses of the data the idea of reincarnation is explored as an explanation for some unsolved problems in psychology and medicine introduction to reincarnation provides an introduction to the study of reincarnation including a discussion of the belief in reincarnation variations in different cultures looks at how reincarnation is viewed in different cultures around the world and how it has changed over time explanatory value of the idea of reincarnation the idea of reincarnation has been around for thousands of years and many people believe it offers an explanation for the mysteries of life types of evidence for reincarnation there are many types of evidence for reincarnation including anecdotal evidence case studies and research studies typical cases of children looks at typical cases of children who remember previous lives with a focus on their characteristics methods of research discusses the methods of research and the various ways in which previous life memories can be investigated analysis and interpretation of cases analyzes a number of cases from the author's 40 year career

with easy to read synopses of the anne frank james leininger amitabh bachchan picasso gauguin laurel hardy lincoln and over 50 other fascinating reincarnation cases

many cultures accept that a person may die and then come back to life in another form but westerners have traditionally rejected the idea recently however surveys conducted in europe indicate a substantial increase in the number of europeans who believe in reincarnation and numerous claims of reincarnation have been reported

this book examines particular cases in europe that are suggestive of reincarnation the first section provides a brief history of the belief in reincarnation among europeans the second section considers eight cases from the first third of the twentieth century that were not independently investigated but were reported and sometimes published by the persons concerned the third section covers 32 cases from the second half of the twentieth century that were investigated by the author many of these cases involved either children who exhibited unusual behavior attributed to a previous life or adults who experienced recurrent or vivid dreams attributed to a previous life in the fourth section the author compares european cases suggestive of reincarnation with those of other countries and cultures

this comprehensive presentation examines scientific evidence of reincarnation case histories near death experiences heredity genius etc it explores social and religious issues and includes lectures delivered at harvard and columbia

have you lived before suddenly the idea of reincarnation has produced a wave of resonance in modern society and struck a chord this book documents the growing public acceptance of the possibility that all of us will live again after we finish our present go around on the planet earth the ancient concept of reincarnation and past lives has not only re emerged into our modern consciousness but seems to have become a more natural and accepted part of our world view some studies show that twenty five percent of people in modern western countries now agree that reincarnation is not only possible but a reality the implications of this are enormous imagine a population that has been released from the fear of death suddenly we have all the time in the world eternity in fact life now takes on a new dimension of meaning we realize that this is not all there is and we also understand that we are more than our physical bodies and because we are more than our physical bodies we can access that which is beyond the physical our potential is virtually unlimited freedom from the fear of death is a kind of universal freedom that can flow across all aspects of life and living knowing that we are not mere physical lumps of biological matter but indestructible souls constructed of pure consciousness is a magnificent vision for humanity knowing that we are souls means that we can live out our lives from that basic understanding it is the ultimate empowerment no doubt many will remain sceptical about the possibility of reincarnation but it seems this is a concept and a phenomenon that is not going away those amazing headlines in the media just keep coming every day more people average ordinary everyday people are discovering that they have an undeniable

connection to something larger something infinite and something absolutely amazing table of contents bentreshyt a priestess of isis the reawakening of marty marty past lives on other planets the interesting case of sherrie lea laird and marilyn life on mars group reincarnation the druze the genius connection the science of reincarnation

this book is the accumulation of 15 years of research study and personal experience with past life regressions these are real cases of reincarnation stories from over 700 client regressions that contain factual evidence affirming the validity of this theory as being something very important real and worth considering these past life stories further open the discussion of time travel death the afterlife the holographic nature of the universe simulation theory karma and quantum healing reincarnation is more than merely a theory it is the key to setting ourselves free from karmic cycles by providing profound healing of mind body and spirit

across cultures and generations countless people have reported memories of lives they could not have possibly lived whispers from the past 50 astonishing reincarnation stories explores some of the most chilling and thought provoking cases of past life recall where children and adults alike reveal extraordinary details of people places and events from another time from the astonishing case of shanti devi who reunited with a past life family to a young boy who remembered serving as a world war ii fighter pilot these real life stories defy explanation and challenge the boundaries of science and belief through dreams *déjà vu* and inexplicable fears these individuals reveal memories that seem to transcend death itself are these whispers from the past proof of reincarnation or do they hint at something even more mysterious whether you're a skeptic a believer or simply curious this book will take you on a journey that might just change the way you see life and the afterlife

Introduction

The digital age has revolutionized the way we read, making books more accessible than ever. With the rise

of ebooks, readers can now carry entire libraries in their pockets. Among the various sources for ebooks, free ebook sites have emerged as a popular choice. These sites offer a treasure trove of knowledge and entertainment without the cost. But what makes these sites so valuable, and where can you find the best ones? Let's dive into the world of free ebook sites.

Benefits of Free Ebook Sites

When it comes to reading, free ebook sites offer numerous advantages.

Cost Savings

First and foremost, they save you money. Buying books can be expensive, especially if you're an avid reader. Free ebook sites allow you to access a vast array of books without spending a dime.

Accessibility

These sites also enhance accessibility. Whether you're at home, on the go, or halfway around the world, you can access your favorite titles anytime, anywhere, provided you have an internet connection.

Variety of Choices

Moreover, the variety of choices available is astounding. From classic literature to contemporary novels, academic texts to children's books, free ebook sites cover all genres and interests.

Top Free Ebook Sites

There are countless free ebook sites, but a few stand out for their quality and range of offerings.

Project Gutenberg

Project Gutenberg is a pioneer in offering free ebooks. With over 60,000 titles, this site provides a wealth of classic literature in the public domain.

Open Library

Open Library aims to have a webpage for every book ever published. It offers millions of free ebooks, making it a fantastic resource for readers.

Google Books

Google Books allows users to search and preview millions of books from libraries and publishers worldwide. While not all books are available for free,

many are.

ManyBooks

ManyBooks offers a large selection of free ebooks in various genres. The site is user-friendly and offers books in multiple formats.

BookBoon

BookBoon specializes in free textbooks and business books, making it an excellent resource for students and professionals.

How to Download Ebooks Safely

Downloading ebooks safely is crucial to avoid pirated content and protect your devices.

Avoiding Pirated Content

Stick to reputable sites to ensure you're not downloading pirated content. Pirated ebooks not only harm authors and publishers but can also pose security risks.

Ensuring Device Safety

Always use antivirus software and keep your devices

updated to protect against malware that can be hidden in downloaded files.

Legal Considerations

Be aware of the legal considerations when downloading ebooks. Ensure the site has the right to distribute the book and that you're not violating copyright laws.

Using Free Ebook Sites for Education

Free ebook sites are invaluable for educational purposes.

Academic Resources

Sites like Project Gutenberg and Open Library offer numerous academic resources, including textbooks and scholarly articles.

Learning New Skills

You can also find books on various skills, from cooking to programming, making these sites great for personal development.

Supporting Homeschooling

For homeschooling parents, free ebook sites provide a wealth of educational materials for different grade levels and subjects.

Genres Available on Free Ebook Sites

The diversity of genres available on free ebook sites ensures there's something for everyone.

Fiction

From timeless classics to contemporary bestsellers, the fiction section is brimming with options.

Non-Fiction

Non-fiction enthusiasts can find biographies, self-help books, historical texts, and more.

Textbooks

Students can access textbooks on a wide range of subjects, helping reduce the financial burden of education.

Children's Books

Parents and teachers can find a plethora of children's books, from picture books to young adult novels.

Accessibility Features of Ebook Sites

Ebook sites often come with features that enhance accessibility.

Audiobook Options

Many sites offer audiobooks, which are great for those who prefer listening to reading.

Adjustable Font Sizes

You can adjust the font size to suit your reading comfort, making it easier for those with visual impairments.

Text-to-Speech Capabilities

Text-to-speech features can convert written text into audio, providing an alternative way to enjoy books.

Tips for Maximizing Your Ebook

Experience

To make the most out of your ebook reading experience, consider these tips.

Choosing the Right Device

Whether it's a tablet, an e-reader, or a smartphone, choose a device that offers a comfortable reading experience for you.

Organizing Your Ebook Library

Use tools and apps to organize your ebook collection, making it easy to find and access your favorite titles.

Syncing Across Devices

Many ebook platforms allow you to sync your library across multiple devices, so you can pick up right where you left off, no matter which device you're using.

Challenges and Limitations

Despite the benefits, free ebook sites come with challenges and limitations.

Quality and Availability of Titles

Not all books are available for free, and sometimes the quality of the digital copy can be poor.

Digital Rights Management (DRM)

DRM can restrict how you use the ebooks you download, limiting sharing and transferring between devices.

Internet Dependency

Accessing and downloading ebooks requires an internet connection, which can be a limitation in areas with poor connectivity.

Future of Free Ebook Sites

The future looks promising for free ebook sites as technology continues to advance.

Technological Advances

Improvements in technology will likely make accessing and reading ebooks even more seamless and enjoyable.

Expanding Access

Efforts to expand internet access globally will help more people benefit from free ebook sites.

Role in Education

As educational resources become more digitized, free ebook sites will play an increasingly vital role in learning.

Conclusion

In summary, free ebook sites offer an incredible opportunity to access a wide range of books without the financial burden. They are invaluable resources for readers of all ages and interests, providing educational materials, entertainment, and accessibility features. So why not explore these sites and discover the wealth of knowledge they offer?

FAQs

Are free ebook sites legal? Yes, most free ebook sites are legal. They typically offer books that are in the public domain or have the rights to distribute them. How do I know if an ebook site is safe? Stick to well-known and reputable sites like Project Gutenberg, Open Library, and Google Books. Check reviews and ensure the site has proper security measures. Can I download ebooks to any device? Most free ebook sites offer downloads in multiple formats, making them compatible with various devices like e-readers, tablets, and smartphones. Do free ebook sites offer audiobooks? Many free ebook sites offer audiobooks, which are perfect for those who prefer listening to their books. How can I support authors if I use free ebook sites? You can support authors by purchasing their books when possible, leaving reviews, and sharing their work with others.
