the 4th industrial revolution is well underway our lives are changing at an exponential rate resulting in a multi faceted deeply interconnected world the digital revolution is integrating multiple technologies which is leading to unprecedented paradigm shifts in the economy management and society entire systems across countries industries

and societies are being transformed triggering a transformation that is unlike anything humankind has ever experienced given the confluence of dramatic changes in organizational life triggering emerging technology breakthroughs such as robotics the internet of things biotechnology materials science data science and big data and quantum computing this volume of the research in management consulting series explores how the research and practice of management consulting is unfolding in a new era of profound shifts in the way researchers and consultants sense think and act the authors of this volume bring both to scholars and practitioners the latest discussions of efforts to understand consulting in organizations amplified by the fusion of technologies across physical digital and biological worlds they also bring to light a movement from human supervised artificial intelligence systems to fully autonomous artificial intelligence systems that have the potential to demonstrate intelligence beyond human capabilities

galal amin once again turns his attention to the shaping of egyptian society and the egyptian state in the half century and more that has elapsed since the nasserite revolution this time focusing on the era of president mubarak he looks at corruption poverty the plight of the middle class and of course the economy and directs his penetrating gaze toward the mubarak regime's uneasy relationship with the relatively free press it encouraged the vexing issue of presidential succession and egypt's relations with the arab world and the united states addressing such themes from the perspective of an active participant in egyptian intellectual life throughout the era galal amin portrays the mubarak regime's stance in the domestic and international arenas as very much a product of history which while not exonerating the regime certainly helps to explain it

lenin's new economic policy of the 1920s although a relatively free and open potential alternative to soviet communism was also a time of extreme tension as russian society and culture were rocked by the forces of resistance and change these essays examine the social and cultural dimensions of nep in urban and rural russia in the years before stalin and rapid industrialization copyright libri gmbh all rights reserved
