it is getting close to forty years now since i started writing a book entitled poison comes in more than bottles i started writing it when all i had was an old typewriter and all i knew how to do was use two fingers to type a lot has changed since then i now have a computer and i learned how to type with all my fingers but that is not all that changed my whole outlook is entirely different on this subject and i hope that this writing is in that kind of spirit going back almost forty years i was a very bitter person because i was giving poison in small doses for so long and when i discovered this it made me enraged with those who were responsible for giving me this poison but time has changed all this my bitterness is gone and it has

changed to pity for those who are blind to what they are doing those responsible are being deceived into thinking they are doing it for god when the truth is their enemies are making them do it and some day they are going to find this out but by then it will be too late that why i feel sad and not anger when i went back and read the old manuscript for the book i could see my anger and bitterness in my writings a lot has changed since then and my attitude was one of them and i now feel it is time to expose those who did this to me but in a spirit of love not hate those that were responsible are still dispensing this poison to others that i care about and love even as i write this my heart is heavy and i figure it is time to expose them before i see others die spiritually from this poison and that is what this writing is all about when starting to do the rewrite of the original book that i started writing some years ago the first thing i did was to do a search on the internet to see if anyone else had written something on this subject this was done to make sure there weren't repeats i did a google search and typed in spiritual poison it came up with all kinds of stuff but nothing about what i wanted to write about on this topic there were other writings but only small articles so with our anymore delay let us start
