this book is about the administrative procedures of the european union which we see as the super glue holding in place the sprawling structures of the eu

governance system the early chapters deal with the structures expansively defined the diverse functions of administrative procedures in the eu and the values that underpin them concentrating on the respective contributions of the legislature and administration a separate chapter deals with the important procedural function of rights protection through the two community courts and the contribution of the european ombudsman we then turn to horizontal or general procedures dealing with executive law making transparency and the regulation of government contracting a study of commission enforcement procedure ends the section vertical or sector specific studies in significant areas of eu administration follow including competition policy cohesion policy structural funds and financial services regulation separate chapters deal with policing cooperation through europol and with the interplay of international and eu institutions in the fields of environmental procedure and human rights the final chapter contains the authors reflections on current proposals for codification but ends with a general evaluation of the role and contribution of administrative procedure in the construction of the eu

this book provides a comprehensive and synthetic analysis of the legal acts of the council of europe and the european union affecting regulation of cybercrime in eu countries technical aspects relating to cybercrime are also discussed the work explains core ideas including background nomenclature a definition of computer crime and a history of its criminalisation it examines the council of europe s convention on cybercrime the first international law act governing the subject and the additional protocol to the convention on cybercrime dealing with the criminalisation of computer generated racist and xenophobic acts the volume discusses european union regulations including applicable european union laws on cybercrime such as the council framework decision 2005 222 jha and directive 2013 40 eu on attacks against information systems and directive 2011 93 eu on combating the sexual abuse and sexual exploitation of children and child pornography finally the work explores issues of cyberterrorism including the dissemination of terrorist content online the book will be a valuable resource for academics researchers and policy makers working in the areas of criminal law it law eu law and cyber security

the european yearbook of constitutional law eycl is an annual publication initiated by the department of public law and governance at tilburg university and devoted to the study of constitutional law it aims to provide a forum for in depth analysis and discussion of new developments in the field both in europe and beyond this inaugurate volume examines the safeguards and limits of judicial power in a variety of constitutional systems both at the national and supranational level the book approaches the judiciary as part of the constitutional system operating within a legal order that connects the citizens and institutions of the state to each other looking at the judiciary from this broader perspective the traditional doctrine of the separation of powers would appear no longer to adequately represent the diversity and complexity of constitutional systems and their democratic legitimacy judicial independence does not mean isolation but should better be understood as institutionalizing relationships that legitimize the power of the courts the notions of safeguards and limits indicate the reciprocally enabling and protecting nature of these relationships in recognition of this the contributions to this volume analyse these safeguards and limits as relations existing within a complex constitutional architecture state institutions today are involved in a fundamental transformation of their selfunderstanding as a result of changes in political culture several contributions to this volume provide examples of political criticism and pressure on the judiciary against which the usual guarantees are unable to provide adequate protection a convincing and effective response to threats to the judiciary s

independence requires a detailed and precise analysis of the judiciary s constitutional safeguards and limits this book offers a step in that direction

part of the new perspectives series this text offers a case based problem solving approach and innovative technology for meaningful learning of microsoft access 2003

the pharmaceutical industry faces a well documented perfect storm on the one hand the patent cliff the lack of new blockbusters and on the other economic pressure on pricing from markets with growing expectations and shrinking budgets in the face of such pressure traditional health economics models no longer seem appropriate and yet what do we have to replace them the growing focus on value and cost effectiveness are evidence of new emerging thinking although even here with the shift from medicine as cure to medicine as palliative as a treatment for chronic illness and with the growing emphasis on preventative approaches the landscape is complex and challenging the future of health economics offers a window into some of the most influential emerging issues in pharmacoeconomics issues such as risk sharing and alternative pricing models or the potential impact of radical new approaches such as personalized medicine as well as exploring the changing role of government and regulators ulf staginnus and olivier ethgen themselves two of the most well regarded practitioners in this field have brought together some leading edge thinkers from industry and academia around the world to provide the industry policy makers regulators health practitioners and academics with the raw material for their future scenarios
