civilizations or rather narratives about civilizations matter not only as research subjects in textbooks literary and scientific essays but also in politics this seems to be the case in civilizational states such as china russia turkey and syria also in western countries in recent decades the notion of civilization has often been used in public discourse political parties and leaders have referred in particular to the need to protect western civilization calling in this regard for policies to restrict immigration from muslim countries in 2022 the narrative on civilization was used to legitimize the russian invasion of ukraine the studies in this collected volume

reconstruct how civilizational paradigms and narratives have been used to explain political relations to define the global order to justify attempts to gain hegemony over particular geopolitical areas and to make predictions on global developments in specific times of crisis in particular this book analyzes the concepts of civilization as they have been used in the intellectual and political discourse in periods particularly critical for global relations and for the consolidation or contestation of the west s dominant role in international national politics and academic discourse

explore the rise and evolution of human society with scott nearing s civilization and beyond learning from history this timeless work meticulously prepared for print republication delves into the historical forces that have shaped civilization offering insights into social evolution progress and the dynamics of social change nearing examines the broad sweep of history providing a framework for understanding the complexities of civilization and its trajectory a vital resource for anyone interested in the social sciences history and philosophy civilization and beyond explores the key turning points and enduring patterns that define human societies gain a deeper understanding of the historical context underpinning contemporary society and contemplate the lessons history offers for the future a significant contribution to the study of civilization this book remains relevant for its analysis of society and its ongoing transformation this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

this volume examines civilizations through the broad lens articulated by the works of max weber in focusing upon his comparative historical mode of analysis and his causal explanations for the sources contours and trajectories of civilizations this study reconstructs weber s sociology in a manner that provides clear guidelines to researchers seeking to investigate civilizations systematically through detailed interpretations of the west s unique development from antiquity to the modern era precise comparisons to the long range and singular pathways taken by china and india and careful demarcations of the particular rationalisms of several civilizations the author addresses weber s powerful model building on the one hand and his opposition to

organic holism and structural presuppositions on the other hand both a broad ranging conceptual framework and case based empirical investigations are pivotal to weber his research strategy emphasizes further the subjective meanings of actors east and west and the deep cultural origins of groups finally this volume masterfully conveys weber s contextual and multi causal methodology rooted in a tight interweaving of the present with the past max weber s sociology of civilizations a reconstruction will appeal to comparative sociologists and historians as well as to theorists of all persuasions the social scientist pursuing a cross civilizational agenda will here discover the distinct contribution of weber s interpretive understanding procedures to the now essential field of civilizational analysis

an absorbing and humane account mr herman is at pains to remind us that the viking world was never just a stage for mayhem it was he says about daring to reach for more than the universe had gifted you no matter the odds and the obstacles in short we might all take our own life s cue from the viking heart the wall street journal from a new york times best selling historian and pulitzer prize finalist a sweeping epic of how the vikings and their descendants have shaped history and america scandinavia has always been a world apart for millennia norwegians danes finns and swedes lived a remote and rugged existence among the fjords and peaks of the land of the midnight sun but when they finally left their homeland in search of opportunity these wanderers including the most famous the vikings would reshape europe and beyond their ingenuity daring resiliency and loyalty to family and community would propel them to the gates of rome the steppes of russia the courts of constantinople and the castles of england and ireland but nowhere would they leave a deeper mark than across the atlantic where the vikings legacy would become the american dream in the viking heart arthur herman melds a compelling historical narrative with cutting edge archaeological and dna research to trace the epic story of this remarkable and diverse people he shows how the scandinavian experience has universal meaning and how we can still be inspired by their indomitable spirit

francis galton is said to have founded eugenics with an 1864 magazine article but a single article does not make a movement and galton by his own admission did little to promote the idea before 1901 this book demonstrates that eugenists have given us an

inaccurate history of their movement assigning credit to galton the eminent half cousin of charles darwin when the real credit belongs to a woman who was perhaps the most radical nineteenth century american feminist that woman was victoria woodhull the first woman to run for u s president and with her sister the first woman stockbroker on wall street this book contains all her major speeches and writings on eugenics to demonstrate that she was the first of either sex to take to the road and in hundreds of speeches across the u s champion the idea of creating a perfected humanity by breeding perfect children she even beat galton in his own land moving to england in 1876 and introducing eugenics there woodhull was not a shy about her role the title for this book comes from the headline of a 1912 london newspaper article proclaiming her lady eugenist in 1927 shortly before she died the new york times would carry an article in which she praised eugenic sterilization and claimed to have advocated that fifty years ago in my book marriage of the unfit

excerpt from the salvaging of civilization the probable future of mankind the two years of want confusion and indecision that have followed the great war in europe and asia and the uncertainties that have disturbed life even in the comparatively untouched american world seem to many watchful minds even more ominous to our social order than the war itself what is happening to our race they ask did the prosperities and confident hopes with which the twentieth century opened mark nothing more than a culmination of fortuitous good luck has the cycle of prosperity and progress closed to what will this staggering and blundering the hatreds and mischievous adventures of the present time bring us is the world in the opening of long centuries of confusion and disaster such as ended the western roman empire in europe or the han prosperity in china and if so will the debacle extend to america or is the american and pacific system still sufficiently removed and still sufficiently autonomous to maintain a progressive movement of its own if the old world collapse some sort of answer to these questions vast and vague though they are we must each one of us have before we can take an intelligent interest or cast an effective vote in foreign affairs even though a man formulate no definite answer he must still have an implicit persuasion before he can act in these matters about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
