a frequent assumption of the american led war on terror and its accompanying discourse originated largely with the george w bush administration and that there was a counterterrorism policy revolution in the u s political arena challenging these assumptions through a genealogical analysis of u s terrorism and counterterrorism discourses this book demonstrates a distinct continuity and lack of change of u s counterterrorism policy from ronald reagan to bill clinton and through to george w bush the book focuses on president

clinton s discursive construction of new terrorism or catastrophic terrorism and the counterterrorism practices implemented by the clinton administration while simultaneously comparing it with president reagan s and president george w bush s approaches to counterterrorism it shows how the war on terror can be traced to earlier periods and that the so called bush revolution was largely built upon the existing framework established by president reagan and president clinton prior to the 2001 terrorist attacks clinton had expanded reagan s first war on terrorism discourse and constructed the new terrorism discourse characterised by the notions of borderless threats home grown terrorism wmd terrorism cyberterrorism and rogue states clinton s new terrorism discourse provided a useful framework for george w bush to discursively respond to the terrorist attacks on september 11th 2001 aiming to uncover the myth of president george w bush s foreign policy revolution and contribute to a deeper historical understanding of the u s led war on terror it will be of great use to postgraduates and scholars of us foreign policy security studies and terrorism studies

the domestic politics of terrorism lessons from the clinton administration explores the clinton administration s development of a novel playbook by which to exploit terrorism for domestic political advantage focusing particularly on the importance of issue framing instrument selection and implementation strategies while americans were introduced to transnational terrorism long before the first world trade center bombing in 1993 it was clinton who first confronted large scale terrorism targeting americans both at home and abroad and who developed an invaluable template for future policymakers navigating a political landscape increasingly defined by high profile terrorist events
