henri f ellenberger the swiss medical historian is best remembered today as the author of the discovery of the unconscious 1970 a brilliant encyclopedic study of psychiatric theory and therapy from primitive times to the mid twentieth century however in addition to this well known work ellenberger has written over thirty essays in the history of the mental sciences this collection unites fourteen of ellenberger s most interesting and methodologically innovative historical essays many of which draw on new and rich bodies of primary materials several of the articles appear here in english translation for the first time the essays deal with subjects such as the intellectual origins of psycho analysis the work of the french psychological school of jean martin charcot and pierre janet the role of the great patients in the history of psychiatry and the cultural history of psychiatry the publication of these writings which corresponds with the opening in paris of the institut henri ellenberger truly establishes ellenberger as the founding figure of the historiography of psychiatry accompanying the essays are an extensive interpretive introduction and a detailed bibliographical essay by the editor originally published in 1993 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

special attention is paid to the dramas of kairi siganou parren and anagnostaki three women who articulated and reshaped the concept of hellenism for their audiences their plays are compared to better known ones written by greek and non greek male dramatists who were their contemporaries and who dealt with similar issues of intense nation building or national crises jacket

includes french language titles published by predominantly english language canadian publishers

alors même que les pays d'Afrique subsaharienne poursuivent leurs efforts pour améliorer les acquis scolaires de leurs enfants en réformant leur système éducatif. L'accessibilité financière et la disponibilité des manuels continuent de poser de véritables défis mais malgré l'importance du soutien technique et du financement apportés par les partenaires dont la Banque mondiale, l'accessibilité financière et la disponibilité des manuels restent un objectif difficile à atteindre dans la majorité des pays tant pour les enseignants que pour les élèves. La plupart des pays africains sont confrontés à de faibles acquis scolaires et de forts taux d'abandon : deux tiers seulement des enfants scolarisés achèvent leurs études et environ la moitié d'entre eux possèdent des compétences de base en calcul et en lecture. Les manuels scolaires sont généralement considérés comme un moyen indispensable et économique d'améliorer la qualité de l'apprentissage. Fournir des manuels scolaires à tous les enfants d'Afrique subsaharienne, stratégies de lutte contre leur cherté et leur faible disponibilité propose des mesures susceptibles de réduire les coûts des manuels et d'augmenter leur disponibilité. Le présent ouvrage examine en détail les coûts et les obstacles financiers entravant la disponibilité des manuels dans les écoles d'une grande partie de la région ainsi que les mesures adoptées avec succès dans d'autres pays. Il fournit également une évaluation rigoureuse des avantages et inconvénients des matériels pédagogiques numériques et appelle à la prudence quant à l'idée qu'ils peuvent immédiatement remplacer les manuels imprimés. Conçu pour susciter un débat entre responsables de l'action publique, partenaires de développement et autres parties prenantes d'Afrique, fournir des manuels scolaires à tous les enfants d'Afrique subsaharienne, stratégies de lutte contre leur cherté et leur faible disponibilité fournit des informations et une analyse à la fois pratiques et pertinentes.
