transport and mobility history is one of the most exciting areas of historical research at the present as its scope expands it entices scholars working in fields as diverse as historical geography management studies sociology industrial archaeology cultural and literary studies ethnography and anthropology as well as those working in various strands of historical research containing contributions exploring transport and mobility history after 1800 this volume of eclectic chapters shows how new subjects are explored new sources are being encountered considered and used and how increasingly diverse and innovative methodological lenses are applied to both new and well travelled subjects from canals to concorde from freight to passengers from screen to literature the contents of this book will therefore not only demonstrate the cutting edge of research and deliver valuable new insights into the role and position of transport and mobility in history but it will also evidence the many and varied directions and possibilities that exist for the field s future development

thinking through new literacies for primary and early years is an accessible text that encourages readers to consider deeply what is meant by literacy today it explores the many different ways in which teachers and children develop their own literacy specifically written for education students in the later years of their course the text draws on research and practice to explore the challenges and opportunities involved while helping to develop the reader s own critical thinking skills the book begins by asking what s new about new literacies and goes on to explore some technological innovations designed to support the emergent reader and writer it considers verbal literacy speaking and listening and visual literacy readers are encourages to think through the issues surrounding inclusion and the legal and ethical issues raised by this post typographic age throughout practical guidance runs alongside structured critical thinking exercises to help the reader reflect on both theory and practice about the thinking through education series thinking through education is a series of texts designed and written specifically for those education students entering the second or final phase of their degree course structured around sets of specific skills each chapter uses critical thinking and reflective exercises to develop greater subject knowledge and critical awareness each book contains links to the teachers standards providing students with a clear transition from study to practice jayne metcalfe is a senior lecturer in the faculty of education at the university of cumbria jayne is involved in e safety training of student teachers debbie simpson is a senior lecturer in the faculty of education at the university of cumbria she is currently the acting programme leader for the primary pgce course ian todd is a senior lecturer in the faculty of education at the university of cumbria with a specialism in english and an interest in the teaching of ict mike toyn is a senior lecturer in the faculty of education at the university of cumbria where he also coordinates the teaching of primary ict

engaging families in schools is a practical resource that provides strategies and ideas that will contribute to the effective engagement of families and the involvement of parents in their child s education parental engagement with school staff has a significant and very positive impact on children s learning and strategies presented

have been extensively trialled in a variety of different settings. Nicola S. Morgan shows school staff how to understand the importance of family engagement and evidence the outcomes. This book has been split into ten easily accessible units understanding the importance of parent engagement using whole school strategies to engage parents. The role of the family engagement officer engaging all parents, engaging dads, engaging multicultural parents, difficult to engage parents, working with parents to improve student attainment, working with parents to improve behaviour and attendance, working with parents of children with additional needs. This is a must-read guide for teaching and non-teaching staff who wishes to bridge the gap between their student's school and family life and understand the effects of positive family engagement.

Shows teachers how to nurture writers and build student confidence in their ability to write and to spell well. It argues that children learn to spell by investigating how words work and recognizing the unique structure and patterns of words. Back cover:

A clear and easy to use guide for introducing this fascinating topic into the classroom.
