official korean language edition of a guide to the project management body of knowledge pmbok r guide fifth edition reflects the collaboration and knowledge of working project managers and provides the fundamentals of project management as they apply to a wide range of projects this internationally recognized standard

gives project managers the essential tools to practice project management and deliver organizational results

this updated and expanded second edition of the pmbok 5th edition study guide 04 integration new pmp exam cram provides a user friendly introduction to the subject taking a clear structural framework it guides the reader through the subject s core elements a flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts this succinct and enlightening overview is a required reading for all those interested in the subject we hope you find this book useful in shaping your future career business

designed to be used in tandem with the latest edition of the pmbok r guide this comprehensive volume closely follows the pmbok r guide s approach to style structure and naming while providing readers a balanced view of methods tools and techniques for managing software projects across the life cycle continuum from highly predictive life cycles to highly adaptive life cycles software extension to the pmbok r guide fifth edition provides readers with knowledge and practices that will not only improve their efficiency and effectiveness but that of their management teams and project members as well

this book has been developed as a low cost alternative 200 question practice pmp exam for those studying for the new summer 2013 version of that exam as it has changed to accomodate the 5th edition fo the pmbok guide

why you need this pmp guide coverage of the 100 of the exam content lots of figures and tables for faster preparation itto made easy with diagrams and built in text simple explanations for difficult concepts synopsis and formulas section for reference before the pmp exam easy to follow layout 400 sample questions with detailed explanations full length practice exam tips for practical project management how to for microsoft project mpp application this book is a must have for those preparing for pmp certification it is different than existing books because we believe that pmp preparation can be quick and efficient we have read the existing books and taken the pmp exam and we have found that most books contain unnecessary content reduce your preparation time there are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time this book has text that is concise and relevant for the exam figures and tables there are 200 figures and tables in the book when text is needed to explain the figure the text is embedded into the figure rather than forcing you to read long paragraphs and pages of commentary to find relevant material personalized conversational style when possible we use conversational style to make for easier reading active

learning we believe that learning is best when the reader is involved instead of doing a show and tell wherever applicable e g for schedule cost quality risk procurement there are workbook style exercises examples you will find lots of examples followed by its underlying concept or generalized step by step procedure this sequence makes it easier to understand concepts review from contact 1 i have studied various pmp guides and tutorials in the market but this book is different stands outs and would be the best companion guide to the pmbok difficult concepts are presented in a style that is easy to follow the content is concise and supported by illustrative figures and tables this will save you from wasting your time on irrelevant or copious content in my opinion this is the only book you will need to pass the pmp exam other printed books and online sites have questions that are easier than the pmp exam and some wrong and answers and explanations the 400 questions are at the same level of rigor as you will find in the pmp exam i wish i had this guide when i prepared for the pmp exam andrew anderson pmp los angeles ca
