in the last decade there has been an international resurgence of interest in the philosophy of louis althusser new essays journalism collections secondary literature and even manuscripts by althusser himself are emerging speaking in fresh ways to audiences of theorists and activists althusser is especially important in educational thought as he famously claimed that

school is the most impactful ideological state apparatus in modern society this insight inspired a generation of educational researchers but althusser s philosophy unique in a number of ways one of which was its emphasis on education largely lost popularity despite this resurgence of interest and while althusser s philosophy is important for educators and activists to know about it remains difficult to understand the gold and the dross althusser for educators with succinct prose and a creative organization introduces readers to althusser s thinking intended for those who have never encountered althusser s theory before and even those who are new to philosophy and critical theory in general the book elaborates the basic tenets of althusser s philosophy using examples and personal stories juxtaposed with selected passages of althusser s writing starting with a beginner s guide to interpellation and althusser s concept of ideology the book continues by elaborating the epistemology and ontology althusser produced and concludes with his concepts of society and science the gold and the dross makes althusser s philosophy more available to contemporary audiences of educators and activists

after moving slowly downward for the better part of four decades central bank gold holdings have risen since the global financial crisis we identify 14 active diversifiers defined as countries that purchased gold and raised its share in total reserves by at least 5 percentage points over the last two decades in contrast to the diversification of foreign currency reserves which has been undertaken by advanced and developing country central banks alike active diversifiers into gold are exclusively emerging markets we document two sets of factors contributing to this trend first gold appeals to central bank reserve managers as a safe haven in periods of economic financial and geopolitical volatility when the return on alternative financial assets is low second the imposition of financial sanctions by the united states united kingdom european union and japan the main reserve issuing economies is associated with an increase in the share of central bank reserves held in the form of gold there is some evidence that multilateral sanctions imposed by these and other countries have a larger impact than unilateral sanctions on the share of reserves held in gold since the latter leave scope for shifting reserves into the currencies of other non sanctioning countries
