the book you are holding in your hands is perhaps the simplest most straightforward summary and how to guide for presuppositional apologetics now in print it is both informative and practically helpful i believe you will find it an extremely useful tool whether you are an professor at the seminary level seeking supplemental reading material or just a simple lay person looking for practical answers pastor mcmanis writes with crisp clarity in a way that is certain to give you fresh insight into what scripture teaches about the defense of the christian faith i wish this book had been available when i was studying apologetics in seminary john macarthur pastor teacher grace community church president of the masters college and seminary cliff has rescued the discipline from the elite circle of the intelligentsia and returned it as a biblical theology of truth communication to the common people i.e. to all believers this volume will be of great help in the restoration of the practicality of biblical apologetics as it was exemplified in the early church hopefully today's readers will be able to understand and put into practice the true nature of peters command in 1 peter 3:15 as it is strategically situated in its defining context george j zemek academic dean the expositors seminary jupiter florida

for centuries it has been discussed whether systematic theology is a scientific discipline but it is not obvious what is meant by either systematic theology or scientific discipline michael agerbo mørch presents an understanding of systematic theology as a tripartite discipline and science as a rationally justified public discourse about a given topic systematic theology is shown to meet the most generally accepted criteria for scientific work since its theories can be tested and even falsified in an intersubjective setting this can be done by the most proper tool we have for assessing and comparing scientific theories which is coherence theory therefore even though systematic theology is a distinct and normative discipline it is not compromising for its theories because it can present its theses in a transparent way that can be checked and criticized by peers and compared to relevant alternatives as such the book shows that systematic theology is a scientifically strong discourse that meets accepted criteria to the same degree as other disciplines

the church's witness to the world falters in an age of doctrinal uncertainty emerging experiments of life forms and behavior norms and consequent cultural pressures against the disturbing influences that result two questions demand response as the church's relation to conflicting intellectual fashions is brought under scrutiny first on the level of belief foundations what is to be understood as the deposit of truth that has been entrusted to the church in the gospel it has historically been set to declare

second on the level of actual testimony and procedure to what extent is the doctrinal foundations it professes reflected in the statements the church inserts into the competing complex of explanatory systems what it is to be asked is the place office function and authority of the church in the cultural nexus into which the divine mandate that defines the church has placed it in belief and evangelism douglas vickers addresses insightfully many of the relationships that result from the bearing of those questions on the integrity of the church in its professed belief and evangelism numerous questions that arise from those relationships demand expanded consideration in a full orb'd statement of the gospel

the christian faith offers people hope but how can we know that christianity is true how can christians confidently present their beliefs in the face of doubts and competing views in this second edition of a landmark apologetics text douglas groothuis makes a clear and rigorous case for christian theism addressing the most common questions and objections raised regarding christianity
