everybody has to make decisions they are unavoidable yet we receive little or no education or training on how to make decisions business decisions can be dif cult which people to hire which product lines or facilities to expand and which to sell or shut down which bid or proposal to accept which process to implement how much r d to invest in which environmental projects should

receive the highest priority etc this book gives you all the tools you need to clarify and reach alignment on goals and objectives and understand trade offs in reaching those goals develop and examine alternatives systematically analyze the effects of risk and uncertainty and maximize the chances of achieving your goals and objectives success getting what you want depends on luck and good decision making you can't control your luck but you can maximize your odds by making the best possible decisions and this book gets you there broadly speaking this book organizes and presents otherwise formal decision making tools in an intuitively understandable fashion the presentation is informal but the concepts and tools are research based and formally accepted

how to make good business decisions is a book to assist people with thoughts surrounding essential aspects of finances and business much of the decision making for people derives from experiences and exposure the ability to see multiple perspectives allows for a higher level of understanding increasing common sense perception the common belief for the concept of common sense is a general acceptance as a usual occurrence or stance among people however reality demonstrates that people view topics very differently technology and varying media outlets create many avenues for information leading to conflicting positions and confusion this book provides a straightforward method of removing distortions among education business practices finances and ownership there are countless variables obstacles and barriers inherent in life's journey and operating with common sense will alleviate many issues however exposure to information experiences and education redefines what is common readers will learn how their thoughts viewpoints and focus shape their responses and navigation through important decision making realities this book serves as a tool for increasing decision making

explores the process of making decisions and how good decisions are essential to a successful business

exclusive strategies from ceo warrior service business owners are faced with a difficult task every single day you must make rapid fire decisions flawlessly while so many pieces hang in the balance your employees your customers and even your family

are relying on you to make great decisions quickly problem is it's hard to make great decisions and business owners only have limited time to make them and there are so many factors that influence a decision what's the real cost of a good decision or a bad one what's the real benefit what if you make a poor decision what if you're faced with two seemingly great decisions but you can only choose one what if you're just not sure how it will impact everyone that's where the power of making great business decisions come in in the power of making great business decisions mike agugliaro co founder of ceo warrior shares the insight he learned when he and his business partner turned around a struggling service business and built it into a 30 million year service business empire during that time he created a simple powerful strategy that helped him make great decisions constantly and he refined and perfected this system over the years today it's used by countless service business companies around the world to ease the challenge of decision making and ensure that better decisions are made daily this book is a useful tool that won't sit on your bookshelf you'll use it daily in your business and you can train your team to use the same strategy so that everyone in your company is aligned and constantly making great decisions

this book will show you how to use an expanded version of the decision making model taught in the leadership course for harvard mba students based on a strategy pillar a law pillar and an ethics pillar the three key pillars of decision making in business and in life the model enables you to achieve the twin goals that lead to business success managing risk and creating value

how do executives make decisions based on what are their decisions conscious or unconscious can they explain each decision they make what tools can they use to improve their decision making process what rules of thumb heuristics can they use when faced with decision making challenges these are some of the questions this book is about during the past 30 years as an entrepreneur and senior executive of several medium sized canadian hi tech businesses the author observed his decision making processes to be based either on experience or on advice received from colleagues seldom were decisions based on formal or informal academic based methods discussing decision making methods with other executives of comparable business

backgrounds confirms they rely on similar methods when looking for solutions to challenging business problems there is no substitute for years of experience in any human endeavour however tapping into some of the methods and lessons learned from personal experience can result in useful principles for others to follow these principles might be useful especially for entrepreneurs interested in building their businesses or executives looking for some additional help in acquiring a better decision making mouse trap

this book will show you how to use an expanded version of the decision making model taught in the leadership course for harvard mba students based on a strategy pillar a law pillar and an ethics pillar the three key pillars of decision making in business and in life the model enables you to achieve the twin goals that lead to business success managing risk and creating value
