this volume explores journeys across time and space in greek and latin literature taking as its starting point the paradigm of travel offered by the epic genre the epic journey is central to the dynamics of classical literature offering a powerful lens through which characters authors and readers experience their real and imaginary worlds the journey informs questions of identity formation narrative development historical emplotment and constructions of heroism topics that move through and beyond the story itself the act of moving to and from home both a fixed point of spatial orientation and a transportable set of cultural values thus represents a physical journey and an intellectual process in exploring its many manifestations the chapters in this collection reconceive the centrality of the epic journey across a wide variety of genres and historical contexts from homer to the moon

contributed by ten distinguished scholars the essays in this volume address medieval constructions in gender and identity sharing an interest in women and identity formation these essays range through time covering the period from

the tenth through the fifteenth century and across languages discussing sources in latin italian french occitan english and hebrew they range also through a variety of cultural settings from nunneries in germany italy france and england to a jewish community in france from the provence of the troubadours and the england of chaucer to the florentine scribal circles in which dante s *vita nuova* was copied joan m ferrante s pioneering contribution to the history of women and their representation is a connecting thread through this volume of essays commissioned in her honor

virgil has been claimed as an ancestor by partisans of recent centuries he has been seen as forerunner of christianity as a gentle national poet following world war ii as a kindred spirit for opponents of the vietnam war and recently as a critic of man s damage to the natural environment however most except the young feel that virgil was not often concerned to express support for octavian augustus this near consensus of literary critics rests on the tendency of political historians to skim the period between 44 and 31bc and thus to ignore most aspects of octavian s contemporary reputation this book applies a historian s eye to the poetry of virgil s work it challenges the orthodoxy that virgil was a faithful follower of inherited literary genre it attends closely to his deviations from poetic tradition and argues that after the eclogues those deviations form a pattern virgil has identified addressed and sought to palliate structurally and on a grand scale the ugliest and most damaging aspects of octavian s reputation his *aeneas* steals the clothes of octavian s most powerful and popular opponent a man unlike mark antony little noticed by modern historians this study insists on the need to combine scholarly disciplines to argue closely from virgil s latin and from greek literary genre and to inform such arguments with a knowledge of ancient political writing and of contemporary coinage the virgil who emerges is a more purposive bloodstained and courageous individual than most have wished to see powell s book aims to become a reference for all those who address in whatever spirit the question whether virgil was deeply engaged in the politics of his time
