ah the corporate world a place where dreams go to die and excel spreadsheets go to multiply or is it what if i told you that beneath the surface of mind numbing meetings and soul crushing cubicles lies a secret world of corporate ninjas silently shaping the fate of companies and careers alike welcome dear reader to the art of the corporate ninja succeeding in business without losing your soul or your mind if you ve picked up this book chances are you re either a bright eyed newcomer to the corporate jungle eager to learn its

ways bless your heart a battle hardened veteran wondering if there s more to life than tps reports someone who accidentally grabbed this instead of zen and the art of motorcycle maintenance honest mistake they re practically the same thing regardless of which category you fall into strap in you re about to embark on a journey that will transform you from a mere corporate drone into a lean mean powerpoint presenting machine in the world of business the people who are most successful are those who are doing what they love warren buffett okay that s a nice quote and all but let s be real not all of us can be warren buffett sipping on cherry coke while making billion dollar decisions some of us are just trying to make it through the day without stapling our tie to important documents or falling asleep in a meeting about meetings that s where the art of the corporate ninja comes in this book will teach you how to navigate office politics with the stealth of a shadow deliver presentations that don t put people to sleep a true superpower master the art of looking busy while doing absolutely nothing climb the corporate ladder without stepping on too many fingers and most importantly maintain your sanity and sense of humor in a world gone mad but wait there s more unlike other business books that take themselves way too seriously this one comes with a healthy dose of sarcasm pop culture references and the occasional dad joke because let s face it if you can t laugh at the absurdity of corporate life you re in for a long dreary career so whether you re aiming for the corner office or just trying to survive until friday this book has something for you it s part survival guide part comedy routine and part zen koan yes really by the time you re done you ll be slicing through red tape with the precision of a samurai sword and deflecting pointless emails faster than neo dodging bullets in the matrix a word of warning reading this book may cause uncontrollable eye rolling sudden outbursts of laughter and a strong desire to karate chop your keyboard side effects may include increased productivity better work life balance and the ability to see through corporate bs from a mile away ready to unleash your inner corporate ninja turn the page young grasshopper your journey to business badassery begins now oh and if your boss catches you reading this at work just tell them it s a very serious book about synergizing paradigms and leveraging core competencies they ll

either be impressed or so confused they ll leave you alone win win now let s begin our training hajime

ninja rising a life dedicated to ninjutsu is an immersive exploration of the world of ninjas offering a captivating journey into their history combat skills and life philosophy this book follows the transformational path of a dedicated ninja from their early origins and ancestral influences to their initiation rituals and rigorous training readers are introduced to the art of embracing shadows learning about the ninja s stealth and camouflage techniques as well as their extensive arsenal of tools and equipment tales of espionage surveillance and counterintelligence showcase the ninja s exceptional ability to gather information unnoticed the book delves into the intense physical and mental training that shapes a ninja into a master unveiling their remarkable physical prowess mental focus and expertise in weaponry particularly the sword the connection between ninjas and the natural world is explored through elemental techniques throughout the book readers encounter stories of the ninja s trials and triumphs facing adversity and seeking personal growth legends and historical figures are revealed alongside the enduring impact of ninjas on popular culture ninja rising concludes by summarizing the transformative journey of a life dedicated to ninjutsu inspiring readers to embrace their own paths of discipline perseverance and self discovery

with the rise of object oriented languages computer science faculty must squeeze far more content and far more challenging concepts into introductory courses the result many novices find introductory programming courses extremely frustrating and some even abandon computer science altogether alice was designed from the ground up to make contemporary programming concepts far easier to teach and to learn in this highly anticipated book alice s creators and key innovators offer a complete full color introduction to the alice 3d interactive graphics programming environment

national bestseller ninja future is an essential read for businesses and individuals striving to remain competitive in a rapidly evolving world gary shapiro the president and ceo of the consumer technology association casts his eye toward the future charting how the innovative technologies of today will transform not only the way business is done but society itself during his more than three decades at the head of the consumer technology association gary shapiro has witnessed and been a part of one of the most extraordinary periods of technological change in human history today s world is almost unrecognizable from that of just a decade or two before in just a few short years the internet has already transformed how we access information purchase goods get from place to place and do our jobs and even greater changes are on the horizon in ninja future shapiro explains the evolving technological landscape breakthroughs underway now and those we can only envision new innovations such as self driving vehicles blockchain 5g the internet of things and countless others will forever change the economy as we know it shapiro uses case studies to identify

companies and countries addressing today's challenges particularly well and relates lessons from those that have stumbled drawing on the insights he has gleaned as a martial arts black belt he shows how businesses can move to succeed in today's turbulent environment by adopting the mindset of ninjas adapting to technological change to capitalize on opportunities at lightning speed

this is the only book on the art of ninjutsu written by dr masaaki hatsumi the 34th generation leader of the togakure ryu ninjutsu tradition this best seller contains training and fighting secrets known only to the ninja of ancient japan

looking back almost 1 000 years the mists of japan's chaotic past shroud the development of a way of life an ancient struggle waged against fierce feudal lords who ruled the island nation with swords of steel and a code of death before dishonor the people of the mountainous regions of what is now iga prefecture wanted to live in peace but their lords had other plans so the people learned the martial arts of self defense and used their meager farm tools as weapons against the samurai blades of their oppressors nine traditions of the ninja arts grew out of this seemingly endless struggle and legends were told of the supernatural abilities of the ninja fighters the ninja never gained the kind of power that topples tyrants but they gained a reputation that made tyrants cautious and they gained the kind of power that makes the spirit endure and the mind the master of its fate told in actual stories of past grandmasters and in dojo lectures on techniques with photographs drawings and paintings the last surviving grandmaster of the ancient art of ninjutsu dr masaaki hatsumi presents essence of ninjutsu the nine traditions in it he explains why after more than 900 years the art of the shadow warriors continues to inspire and serve practitioners from around the world dr hatsumi's book contains historic ninja scrolls and describes techniques for self defense and it debunks tricks that are attributed to the ninja but actually derive more from the circus than the martial arts essence of ninjutsu is a fascinating authoritative look at the roots of ninjutsu and how it continues to enrich the lives of its practitioners today dr masaaki hatsumi is a bone doctor artist and writer as well as the 34th grandmaster of the nine schools of

the ninja arts in japan he has toured the united states in recent years to help americans better understand the ninja and their way of life his articles have appeared in all of the major martial arts magazines

this text helps students develop the fundamental lifelong skill of solving problems and interpreting solutions in real world terms one of our goals was to make this problem solving approach accessible and easy to apply in many situations we certainly want students to appreciate the beauty of statistics and connections to so many other disciplines however it is even more important for students to be able to apply problem solving skills to a wide range of academic and career pursuits including business science and technology and education third edition presents long term universal skills for students taking a one or two semester introductory level statistics course examples include guided explanatory solutions that emphasize problem solving techniques example solutions are presented in a numbered step by step format the generous collection and variety of exercises provide ample opportunity for practice and review in a variety of contexts concepts examples and exercises are presented from a practical realistic perspective real and realistic data sets are current and relevant the text uses mathematically correct notation and symbols and precise definitions to clearly illustrate statistical procedures and proper communication this text is designed to help students fully understand the steps in basic statistical arguments emphasizing the importance of assumptions in order to follow valid arguments or identify inaccurate conclusions most importantly students will understand the process of statistical inference a four step process claim experiment likelihood conclusion is used throughout the text to present the smaller pieces of introductory statistics upon which the large essential statistical inference puzzle is built

a penetrating study of the inner life of the ninja as essential to serious students as physical mastery

black and white photographs illustrate the self defense techniques developed by bruce lee

describes how to assemble and deploy a robot army to fight evil beings such as zombies vampires and werewolves
