provides an overview of the knowledge and practices of the hermetic order of the golden dawn describes rituals of the outer and inner orders and discusses techniques of magical practice clairvoyance talismans and other topics

this fascinating book has been out of print and highly sought after for many years since its first publication as my rosicrucian adventure in 1936 in this work israel regardie relates his own personal experience with those secret societies which have exerted such a great influence on the development of modern occultism regardie lifts the cloak of mystery which has shrouded the hermetic order of the golden dawn the rosicrucian fraternity and the masonic lodge from his close personal association regardie reveals the true nature and actions of such leading occult authorities as aleister crowley s l macgregor mathers dr w w westcott and dion fortune

when it was first released secret inner order teachings of the golden dawn was a significant addition to the golden dawn corpus and made available second order golden dawn magic material which was unavailable to those who at that point considered israel regardie as the only source of golden dawn magical material the papers contained in this book provide the much needed keys to understand the golden dawn system in its entirety however just as the golden dawn was not just intellectual information gathered

under one heading but contained oral instruction to make the system come alive so this material came with extensive traditions that make it useful to the student for the first time golden dawn authority pat zalewski who was trained by the inner order adepts of the golden dawn reveals the key to this material the release of the second edition of this book has given zalewski the opportunity to add more material including some of the obscure stooping dragon formula which israel regardie considered the secret to mastering the stock market lord manticores takes the opportunity to improve the original diagrams which had some inaccuracies and were poorly drawn and provide the book in full colour for the first time

regardie's resonance with the golden dawn derived in part from the intuitive knowledge that he demonstrated in his 1932 book the tree of life with the sponsorship of dion fortune he joined the stella matutina in 1933 but quickly became disillusioned with its egotistical leadership and departed less than two years later after attaining the grade of adeptus minor three years after that he published his landmark collection the golden dawn making the secret rites and teachings of the on again off again order available to a wider public for the first time and making possible today's resurgence of interest in the order several years later regardie and crowley parted company after an acrimonious public clash of personalities regardie returned to the united states and studied chiropractic medicine in new york he served in the army during world war ii and afterward moved to los angeles to open a chiropractic clinic and also work as a reichian therapist he had studied psychology and psychiatry with several notable teachers and was a strong proponent of jungian analysis all his life as well as the more controversial work of wilhelm reich both writers are known among the 20th century's most unique and controversial psychological theorists whose writings straddled the border between science religion and myth and incorporated a strong element of sexuality it is easy to see how this emphasis blended well with regardie's magical and esoteric studies

the hermetic order of the golden dawn has been considered one of the most important western magical systems for over a century although much of their knowledge has been published to really enter the system required initiation within a golden dawn temple until now regardless of your magical knowledge or background you can learn and live the golden dawn tradition with the first practical guide to golden dawn initiation self initiation into the golden dawn tradition by chic and sandra tabatha cicero offers self paced instruction by two senior adepts of this magical order for the first time the esoteric rituals of the golden dawn are clearly laid out in step by step guidance that's clear and easy to follow studying the knowledge lectures practicing daily rituals doing meditations and taking self graded exams will enhance your learning initiation rituals have been correctly reinterpreted so you can perform them yourself upon completion of this workbook you can truly say that you are practicing the golden dawn tradition with an in depth knowledge of qabalah astrology tarot geomancy spiritual alchemy and more all of which you will learn from self initiation into the golden dawn tradition no need for group membership instructions are free of jargon and complex language lessons don't require familiarity with magical traditions grade rituals from neophyte to portal link with your higher self if you have ever wondered what it would be like to learn the golden dawn system self initiation into the golden dawn tradition explains it all the lessons follow a structured plan adding more and more information with each section of the book did you really learn the material find out by using the written tests and checking them with the included answers here is a chance to find out if the golden dawn system is the right path for you or to add any part of their wisdom and techniques to the system you follow start with this book now
