in the increasingly global economy domestic tax policies have taken on a new importance for international economics this unique volume compares the tax reform experiences of canada and the united states two countries with the world s largest bilateral flow of trade and investment with the signing of the u s canada free trade agreement and the tax reforms of the 1980s there has been some harmonization of tax systems but geographic cultural and political characteristics shape distinct national social policies that may impede harmonization as the u s and canadian economies become even more integrated differences in tax systems will have important effects in particular on the relative rates of economic growth in this timely study scholars from both countries show that while the united states and canada exhibit similar corporate tax structures and income tax systems they have very different approaches to sales tax and social security taxes despite these differences the two countries generate roughly the same amounts of revenue produce similar costs of capital and produce comparable distributions of income

a large number of american franchise systems have over the last 40 years made canada one of their chose international expansion targets this new book written by experienced canadian franchise lawyers will help you advise your clients who are considering expansion into the canadian marketplace the book outlines a host of important differences when comparing the business law and practice of franchising in canada and the united states as well as the numerous similarities between the culture and law of both societies topics include structuring and expansion to canada trade mark and other intellectual property issues the canadian franchise agreement franchise disclosure issues privacy issues and dispute resolution and franchise

litigation in canada the book also includes practice notes throughout the book highlighting key points

editions for 1922 25 include federal capital stock tax federal estate tax and supplement to excess profits tax procedure 1921

taxation in canada remains the only volume to present under one cover a complete description of the dominion provincial and municipal tax structure in canada the principal tax sources at the three levels of government are described briefly and readably with enough detail to be of value to the student or expert but at the same time enough attention to broader aspects to be of interest to the general reader in the description of the present dominion taxes particular attention is devoted to the income tax but there are also chapters on death duties the tariff the sales tax and on the excise taxes and duties provincial taxes discussed in detail include corporation taxes gasoline sales and other consumption taxes liquor and motor vehicle revenues succession duties and revenues from the public domain including forestry and mining other chapters deal with municipal property tax and sources of local revenue in each case the description covers the tax structure in newfoundland of equal interest are also the chapters dealing with the enactment and administration of the tax laws

canadians can never not argue about taxes from the chinese head tax to the panama papers from the national policy to the canada united states mexico agreement tax grievances always inspire private resentments and public debates but if resentment and debate persist the terms of the debate have continually altered and adapted to reflect changing social economic and political conditions in canada and the wider world the centenary of income tax is the occasion for canadian scholars to wrestle with past and present debates about tax equity efficiency and justice who pays for canada explores the different ways governments can and should tax their peoples and evaluates how well canada has done so it brings together a diverse group of perspectives from

academia law economics political science history geography philosophy and accountancy and from the wider world of activists and public servants it asks how canada compares to other countries and how other countries especially the united states influence canadian tax policies it also surveys internal tax tensions and politics through the lenses of region and jurisdiction as well as race class and gender reasoning from tax perplexities and reforms in the past and the present it argues that fair taxation requires an informed populace and a democratically inclined public will above all this book serves as a reminder that it is not only what counts as fair that is important but how fairness is evaluated revealing how closely tax policy is tied to mainstream politics human rights and morality who pays for canada represents new perspectives on a matter of tremendous national urgency

vol 42 contains consolidated table of cases covering all cases in v 1 42 inclusive v 49 contains consolidated table of cases index digest words and phrases and table of annotations covering all cases in v 1 48 inclusive
