throughout the western world the relationship between gender science and mathematics has emerged as critical in a variety of contexts in tertiary institutions the study of gender issues frequently with reference to science and mathematics is of central significance to many disciplines gender studies are being offered as separate courses or parts of existing courses in preservice

and postgraduate teacher education women's studies technology studies and policy studies in addition in the broader context of education at all levels from primary elementary through to higher concerned policy makers and practitioners frequently focus on the interaction of gender science and mathematics in their attempts to reform and improve education for all students in all of these contexts there is an urgent need for suitable texts both to provide resources for teachers and students and to inform policy makers and practitioners this book has been developed specifically to meet this need it is designed to be used throughout the world in a variety of tertiary courses and by policy makers concerned with activities which interface with the gender science mathematics relationship it provides examples which illustrate vividly the rich field from which practitioners and policy makers in this area now can draw its particular appeal will stem from its practical approach and creative future perspective the international renown of the authors and the generalisability of the recent research and thinking presented in each of the chapters

clinical and educational child psychology there is no shortage of books on developmental psychopathology but what is unique about this one is the effort to bridge clinical and educational practice with school practice it is very well conceptualized and the ecological and transactional approach is very appropriate to the subject matter in fact it is the only framework capable of providing a full picture of children's mental health problems this book is highly relevant for psychologists working with children and families as well as for teachers and special education professionals isaac prilleltensky phd dean school of education and human development professor of educational and psychological studies university of miami clinical and educational child psychology an ecological transactional approach to understanding child problems and interventions examines developmental patterns in children aged 3 to 18 and the challenges that influence their developmental trajectory adopting a transactional ecological perspective linda wilmshurst explores the reasons why some children exposed to a variety of stressors may become vulnerable to a host of clinical educational and mental health problems initial chapters explore theoretical models and developmental milestones from early childhood through adolescence coverage also includes a variety of contemporary issues in the psychopathology of children and adolescents with discussion of neurodevelopmental and disruptive behavior disorders anxiety and mood disorders attention and learning disorders later onset disorders such as substance abuse and eating disorders and issues of maltreatment that can result in trauma disorders through an innovative presentation that combines clinical and educational psychological approaches clinical and educational child psychology offers unique insights into our understanding of behavioral issues during the

transition from childhood to adolescence

peer pressure effects explores how external influences particularly from peers can significantly contribute to addictive behaviors it argues that social dynamics often overshadow individual willpower challenging the traditional view of addiction as solely a personal failing the book delves into the subtle ways peer pressure manifests including normalized behaviors and the desire for social acceptance highlighting how these factors can be catalysts for substance abuse and other addictive habits for example the book analyzes the psychological vulnerabilities such as low self esteem that amplify the effects of external pressures the book examines the direct impact of peer influence on initiating addictive behaviors and the sustaining role of social circles in maintaining them through case studies and research findings it illustrates the impact of peer pressure on various types of addiction including substance abuse and internet addiction the book progresses from defining peer pressure and exploring psychological vulnerabilities to analyzing specific contexts like school environments and online communities the book also offers practical prevention strategies for resisting peer pressure and fostering supportive environments by understanding the dynamics of social influence readers can develop strategies for making healthier choices this approach makes the book valuable to students parents educators and mental health professionals seeking to prevent addiction and support those struggling with addictive behaviors

children s literature an invitation to the world is written and organized in a manner that engages the readers and that will instill confidence in teachers when selecting and using literature in their teaching readers are asked to take a world view of literature what it is how to recognize one s own how to recognize an author s and encouraged to see children s literature through a lens that includes people not like themselves the book tackles tough issues such as gender and racial bias and how they can be insidiously promoted in literature no other book on the market engages readers more than this one rather than just presenting topics the book asks what can we learn from them in addition the first person narrative involves readers in the discussion rather than simply presenting content to them elementary and middle school teachers curriculum developers and anyone interested in children s literature

the materials in these appendices are offered as a supplement to the findings and recommendation in the final report of a california task force created to promote self esteem and personal responsibility they include an extensive bibliography of self esteem resource materials a listing of self esteem program
