this outstanding text blends a strong research base with especially clear and engaging writing one of the leading authors in the field nancy cobb brings the same scholarship and style that distinguish her adolescence text to the child self contained chapters maximize teaching flexibility supporting either a chronological or topical approach strong pedagogical features include chapter narratives overviews and summaries stop and think questions and boxes highlighting research and social policy online resources include a student learning center with practice quizzes links to related topical material and much more this text is also available in a version covering infancy childhood and adolescence

rich with illustrative case material this book guides mental health professionals to break the cycle of at risk behavior by engaging adolescents and their families in home school and community contexts the authors explore the multigenerational patterns that shape the lives of poor and ethnic minority adolescents and present innovative strategies for intervening beyond the walls of the agency or clinic grounded in research the book shows how to implement both home based family therapy and school based achievement mentoring to provide a comprehensive web of support building on the earlier reaching out in family therapy this book reflects the ongoing development of the authors multisystems approach and many other important changes in the field the majority of the content is completely new it is an indispensable resource for beginning and experienced professionals or text for courses on adolescent intervention or adolescent mental health

an unplanned pregnancy in adolescence can be a crisis not only for young unmarried mothers but also for unmarried fathers of the same age group this landmark volume is the first in depth practical guide to counselling teenage fathers taking a multicultural perspective the volume addresses issues that may have a bearing on a young man s adjustment to fatherhood such as his relationships with his parents his child the mother of his child her parents and his peers

first published in 1986 this book is written for those students of the human condition who can face the sad facts of reality neither dismayed nor despairing but resolved to bring about what change they can through psychotherapy that art which blends the magic of gods the faith of priests the craftsmanship of artists and the logic and reason of scientists

literacy experts and counseling professionals are innovatively paired in each chapter to explore specific types of loss and ways in which professionals can help students understand their feelings by reading about those in similar situations this original approach encourages young people to cope with their losses while improving their literacy skills book jacket

this interdisciplinary volume examines the challenges adolescents face and the self regulation tools that most effectively ease the transition to adulthood

parents of teenagers can chuckle or weep at the all too familiar episodes in the lives of teenagers consider further what this transitional stage and all its agonies and ecstasies will mean to the adolescent with a chronic disability to the kind of young person occupational therapists see every day this book is a comprehensive review of occupational therapy with adolescents who are struggling with severe physical and psychological problems associated with disability occupational therapy and adolescents with disability is loaded with practical strategies for working with this population and their parents it reaffirms the belief of occupational therapy as a caring humane and ingenious profession a diverse selection of topics is covered including self concept self esteem development autistic adolescents special injuries in the adolescent years life work planning and special practice issues

this widely used practitioner resource and course text now significantly revised is considered the most comprehensive guide to working with children who have experienced major losses family upheavals violence in the school or community and other traumatic events leading experts present a range of play and creative arts therapy techniques in chapters organized around in depth case examples informed by the latest knowledge on crisis intervention and trauma the fourth edition encompasses work with adolescents as

well as younger children each chapter concludes with instructive questions for study or reflection new to this edition expanded age range now includes expressive therapy approaches for adolescents more attention to traumatic stress reactions and posttraumatic stress disorder ptsd several chapters address complex trauma extensively revised with the latest theory practices and research many new authors additional topics parental substance abuse group work with adolescents chronic medical conditions animal assisted play therapy and courtroom testimony and more

the study of and interest in adolescence in the field of psychology and related fields continues to grow necessitating an expanded revision of this seminal work this multidisciplinary handbook edited by the premier scholars in the field richard lerner and laurence steinberg and with contributions from the leading researchers reflects the latest empirical work and growth in the field

uses of disability in literature are often problematic and harmful to disabled people this is also true of course in children s and young adult literature but interestingly when disability is paired and confused with adolescence in narratives compelling complex arcs often arise in from wallflowers to bulletproof families the power of disability in young adult narratives author abbye e meyer examines different ways authors use and portray disability in literature she demonstrates how narratives about and for young adults differ from the norm with a distinctive young adult voice based in disability these narratives allow for readings that conflate and complicate both adolescence and disability throughout meyer examines common representations of disability and more importantly the ways that young adult narratives expose these tropes and explicitly challenge harmful messages they might otherwise reinforce she illustrates how two dimensional characters allow literary metaphors to work while forcing texts to ignore reality and reinforce the assumption that disability is a problem to be fixed she sifts the freak characters often marked as disabled and she reclaims the derided genre of problem novels arguing they empower disabled characters and introduce the goals of disability rights movements the analysis offered expands to include narratives in other media nonfiction essays and memoirs songs television series films and digital narratives these contemporary works affected by digital media combine elements of literary criticism narrative expression disability theory and

political activism to create and represent the solidarity of family like communities

number of exhibits 1

this text identifies factors that influence children and adolescents and indicates how professionals can help young people as clients in a variety of settings the strengths of the text include a pragmatic focus on both children and adolescents a broad conception of practice an emphasis on assessment the use of historical organizational and developmental perspectives and a major social problems focus the text is divided into three parts to identify the context of social work with children and adolescents examine the helping process and discuss applications of that process
