offers a history of the hudson river looking at explorers and traders the arrival of the colonies how it was transformed and the landscape

called thoroughly informative and approachable by the new york times vernon benjamin s the history of the hudson river valley from wilderness to the civil war presented nearly 250 years of the hudson river valley s dynamic past with unmatched richness and detail and now with the history of the hudson river valley from the civil war to modern times benjamin completes his historical account of the region by taking readers from the post civil war period into the present day here we see the formation of the great estates of the valley including the rockefellers sunnyside and olana and the book shows us how the turn to the twentieth century brought a new era of population growth and prosperity to the region a young franklin delano roosevelt takes his first political steps in the new york senate during this time and thomas dewey s work as the new york state governor morphed him into a viable candidate on the national political stage as well in short the twentieth century hudson river valley was a hotbed of wealth influence and culture a vibrant scene of american development as significant as any our country has seen by taking his narrative all the way into the post september 11th present moment vernon benjamin finishes his engaging readable and comprehensive history of one of america s most significant and culturally important regions publisher s description

in the hudson wallace bruce crafts a lyrical exploration of the new york region s most iconic river weaving together vivid

descriptions historical anecdotes and personal reflections this work serves as both a celebration and an elegy encapsulating the river's majestic beauty alongside the evolving relationship between nature and industry during the late 19th century. Bruce employs a romantic literary style infused with poetic imagery and rich symbolism positioning the Hudson not merely as a geographical feature but as a vital character in the narrative of American identity and cultural heritage. Wallace Bruce, a noted poet and author, was deeply influenced by the serene landscapes of the Hudson Valley throughout his life. His academic background in natural sciences and literature fostered a profound appreciation for the environment which permeates his prose. Additionally, Bruce's engagement in the literary circles of his time and his connections with figures such as Walt Whitman undoubtedly shaped his perspective on the river's significance within the broader tapestry of American literature and society. This book is a must-read for anyone with an interest in American geography, environmental literature, or the intersection of nature and culture. Bruce's evocative prose not only invites readers to appreciate the Hudson's splendor but also encourages a deeper reflection on humanity's connection to the natural world, making it a timeless work that resonates with contemporary ecological discussions. In this enriched edition, we have carefully created added value for your reading experience: hand-picked memorable quotes shine a spotlight on moments of literary brilliance; interactive footnotes clarify unusual references, historical allusions, and archaic phrases for an effortless, more informed read.

examines the many facets of the Hudson's rich history, distinctive regional culture, and important contributions to the development of modern America. Since its inception in 1984, the Hudson River Valley Review has taken an eclectic and interdisciplinary approach to a region that has long been recognized for its role in American colonial history, its important contributions to American arts, letters, and architecture, its role in the economic development of the nation, and its significant and ongoing contributions to American culture and history. This collection of essays brings together eighteen of the best essays from the Review's first twenty-five years of publication, from natives and newcomers to twentieth-century leaders. The authors of these essays examine the many facets of the Hudson's rich history, distinctive regional culture, and important

contributions to the development of modern america

winner of the 2012 award for excellence presented by the greater hudson heritage network the diverse contributions to environmental history of the hudson river examine how the natural and physical attributes of the river have influenced human settlement and uses and how human occupation has in turn affected the ecology and environmental health of the river the hudson river valley may be america s premier river environmental laboratory and by bringing historians and social scientists together with biologists and other physical scientists this book hopes to foster new ways of looking at and talking about this historically commercially and aesthetically important ecosystem native people s influences on the ecological integrity of aquatic and shoreline communities were generally local and minor and for the first 12 000 years or so of human use the hudson river was valued mainly as a source of water food and transportation since the arrival of european colonists however commerce has been the engine that has driven development and use of the river from the harvesting of beaver pelts and timber to the siting of manufacturing industries and power plants and all of these uses have had pervasive effects on the river s aquatic and terrestrial ecosystems in the meantime aesthetic movements such as the hudson river school of painting have sought to recover and preserve the earlier pastoral landscape anticipating the more recent efforts by environmentalists that have led to dramatic improvements in water quality shoreline habitats and fish populations despite the pervasive forces of commerce the hudson river has retained its world class scenic qualities the upper hudson remains today a free flowing tumbling mountain stream and the lower hudson a fjord penetrated and dominated by the hudson highlands the hudson s unique history continues to affect current uses and will surely influence the future in remarkable ways

the concluding volume of vernon benjamin s acclaimed history of the hudson river valley spanning from the post civil war period through the twentieth century and into the present day

sailing down the river that would later bear his captain s name explorer robert juet described the hudson river valley in 1609 as a drowned land submerged by a great lake of water over the next two centuries this drowned landscape would be the site of a truly historic flowering of art literature architecture innovation and revolutionary fervor drawing comparisons to another fertile cultural haven built around a mighty river in western europe as historian vernon benjamin chronicles the hudson river valley has been a place of contradictions since its first settlement by europeans discovered by an englishman who claimed it for the dutch the region soon became home to the most vibrant trading outpost for the new world colonies the island of manhattan even as the rest of the valley retained the native beauty that would inspire artists from james fenimore cooper to thomas cole because of its unique geography and proximity to canada the hudson valley became the major theater for the battle between empires in the french and indian war when the colonists united in rebellion against the british several decades later conflict came to the region once again with decisive military engagements from saratoga to west point to the occupied new york harbor in the aftermath new york emerged as the capital of a new nation and wealth

from the city flowed north to the burgeoning valley leading to a renaissance of culture and commerce that is still evident today publisher s website
