the handbook of conflict resolution second edition is written for both the seasoned professional and the student who wants to deepen their understanding of the processes involved in conflicts and their knowledge of how to manage them constructively it provides the theoretical underpinnings that throw light on the fundamental social psychological processes involved in understanding and managing conflicts at all levels interpersonal intergroup organizational and international the handbook covers a broad range of topics including information on cooperation and

competition justice trust development and repair resolving intractable conflict and working with culture and conflict comprehensive in scope this new edition includes chapters that deal with language emotion gender and personal implicit theories as they relate to conflict

this clearly articulated statement offers a hopeful and workable approach to conflict that eternally beleaguering human situation john paul lederach is internationally recognized for his breakthrough thinking and action related to conflict on all levels person to person factions within communities warring nations he explores why conflict transformation is more appropriate than conflict resolution or management but he refuses to be drawn into impractical idealism conflict transformation is an idea with a deep reach its practice says lederach requires both solutions and social change it asks not simply how do we end something not desired but how do we end something destructive and build something desired how do we deal with the immediate crisis as well as the long term situation what disciplines make such thinking and practices possible this title is part of the little books of justice and peacebuilding series

analyzes the nature of international disagreements and conflict resolution in terms of game theory and non zero sum games

this comprehensive and highly regarded book provides a framework for analyzing diverse social conflicts updates for the fourth edition include a more reader friendly first chapter new examples such as the arab spring and new developments in waging conflicts

this phenomenal bestseller over 525 000 copies sold expanded in a new third edition explores how we often misunderstand the causes of our conflicts and shows us the paths to achieving true peace within ourselves and our relationships in this day and age perhaps there is nothing more important than knowing how to heal relationships that are breaking and how to maintain connections when people are pulling apart so many of our conflicts seem unsolvable but what if conflicts at home at work and in the world stem from the same root cause what if we systematically misunderstand that cause and what if as a result we unwittingly perpetuate the very problems we think we are trying to solve this book unfolds as a story yusuf al falah an arab and avi rozen a jew each lost his father at the hands of each other s cousins the anatomy of peace is the story of how they come together how they help their warring parents and children come together and how we too can find our way out of the personal professional and global conflicts that weigh us down this expanded third edition includes diagrams and discussions that further explain some of the book s

approaches current research about key ideas and how the transformation approach in the book relates to arbingers comprehensive organizational mindset change process

conflict and communication acknowledges the inevitable presence of conflict in our lives and the role good communication plays in managing conflict to cultivate a healthier happier existence the book explores the ways in which we process and act on conflict as well as how we can leverage a deeper understanding of our own thoughts and behaviors to reduce the amount and severity of conflict in our lives opening chapters provide a basis for understanding conflict from an overview of conflict in our lives to an inventory of our individual power and conflict styles to the oft overlooked role that culture plays in our understanding of conflict later chapters look at the practical application of these ideas in common settings such as negotiation dealing with aggression and mediation a distinctive chapter on apology and forgiveness brings a very human emotional element to the idea of conflict resolution a professional mediator author fred e jandt includes many real life examples of conflict throughout the text the second edition features additional examples for deconstructing conflicts integrated material on online resolution and expanded coverage on conflicts in organizations and in the family new key takeaways sections in each chapter help students apply newfound understanding and knowledge to real life situations conflict and communication equips students with research based techniques grounded in communication theory to mitigate destructive consequences of conflict

this major handbook comprises cutting edge essays from leading scholars in the field of conflict analysis and resolution car the volume provides a comprehensive overview of the core concepts theories approaches processes and intervention designs in the field the central theme is the value of multidisciplinary approaches to the analysis and

effectively fills a long standing void and will no doubt be hailed as a much needed new addition to the literature this text very much exemplifies the strength of ho won jeong as a theorist and one of the more prolific writers in the larger peace and conflict studies field the final three chapters on de escalation dynamics which includes a brief section on third party intervention on conciliation strategies and especially the one on ending conflict which provides a range of outcomes beyond the usual focus on third party intervention read mediation epitomizes the value of this new text journal of peace research an awesome tour d horizon of modern war violence and confrontation within and between nations illustrating via just about every conflict in every corner of the world the author invokes an endless array of insights and interpretations ranging

from the micro to the macro beautifully written in a seamless sequence of closely linked and discursive essays professor j david singer university of michigan ho won jeong has written an illuminating analysis of the dynamics of conflict he lays out the tools we have to analyze conflict in a literate and comprehensive way a valuable book for anyone interested in a more comprehensive understanding of conflict its sources and its deescalation and termination janice gross stein belzberg professor of conflict management director munk centre for international studies university of toronto jeong has successfully combined behavioral and structural analysis of the dynamics of social conflict this volume covers the multiple dimensions escalation entrapment de escalation termination and resolution both of violent and non violent confrontation between adversaries as well as the utility and limitations of external intervention for students of the social sciences it should serve as an excellent introduction to the complex realities of social conflict milton esman john s knight professor of international studies emeritus cornell university by examining the dynamic forces which shape and re shape major conflicts this timely book provides students with the knowledge base needed to successfully study conflict sources processes and transformations broad in focus it addresses the multiple social political and psychological features central to understanding conflict situations and behaviour a range of both recent and historical examples including the arab israeli conflict the war on terrorism the cold war and the civil wars in sudan former yugoslavia and sri lanka are discussed illustrating the application of concepts and theories essential to the analysis of inter group inter state and intra state conflict and conflict resolution in a wider context understanding conflict and conflict analysis is key reading for students of international relations peace and conflict studies conflict resolution international security and international law

praise for the handbook of conflict resolution this handbook is a classic it helps connect the research of academia to the practical realities of peacemaking and peacebuilding like no other it is both comprehensive and deeply informed on topics vital to the field like power gender cooperation emotion and trust it now sits prominently on my bookshelf leymah gbowee nobel peace prize laureate the handbook of conflict resolution offers an astonishing array of insightful articles on theory and practice by leading scholars and practitioners students professors and professionals alike can learn a great deal from studying this handbook william ury director global negotiation project harvard university coauthor getting to yes and author the third side morton deutsch peter coleman and eric marcus put together a handbook that will be helpful to many i hope the book will reach well beyond north america to contribute to the growing worldwide interest in the constructive resolution of conflict this book offers instructive ways to make this commitment a reality george

j mitchell former majority leader of the united states senate former chairman of the peace negotiations in northern ireland and the international fact finding committee on violence in the middle east chairman of the board walt disney company senior fellow at the school of international and public affairs columbia university let s be honest this book is just too big to carry around in your hand but that s because it is loaded with the most critical essays linking the theory and practice of conflict resolution the handbook of conflict resolution is heavy on content and should be a well referenced resource on the desk of every mediator as it is on mine johnston barkat assistant secretary general ombudsman and mediation services united nations

the way of conflict teaches how to use ancient wisdom passed down through symbol folk tale and ancient classics such as the art of war and the bhagavad gita to confidently engage in any dispute and reach a balanced resolution it is the first book to integrate the wealth of conflict skills found throughout the world s major religious and indigenous traditions with the latest scientific systems and conflict resolution theory the way of conflict employs the cross cultural metaphor of the four natural elements earth water fire and air to identify our innate conflict personalities and forge an understandable path through the chaos of conflict using assessment tests anecdotes from indigenous and religious traditions and illustrative folk tales dr combs describes how to quickly assess a conflict and its participants and implement an appropriate resolution strategy

broadly defining conflict resolution james a schellenberg gives systematic coverage to five main ways people may try to resolve their conflicts coercion negotiation adjudication mediation and arbitration the main theories of conflict both classic and contemporary are reviewed under four main categories individual characteristics theories social process theories social structural theories and formal theories

the contributors to this fully revised volume a team of international experts with both academic and professional experience in the field provide a broad range of geographical and disciplinary perspectives covering theory research and practice they analyze the different types of conflict and offer a thorough examination of the influences on conflict structural situational strategic and cultural exploring conflict management and resolution they also discuss negotiation mediation peace keeping and peace building

from conflict resolution to peacebuilding is designed to introduce students to the key concepts of conflict resolution from a real world perspective covering both micro and macro sites of conflict it offers ways to resolve conflicts at all levels from the interpersonal to the international starting with the notion that conflict is a fact of life

but peacebuilding is not this text analyzes protracted conflicts and wicked problems and also tackles the harder task of how to resolve conflict and build peace hauss approach to peace and conflict studies is deeply personal and richly informed based on a strong research base and decades of experience in the field the book offers new paradigms for considering the intractable conflicts in our world each chapter provides real world examples stories and cases that illustrating practical work at both the grass roots and elite levels in a world where conflict seems to be on the rise at home and abroad this text provides students with the tools to deal with conflict constructively in their daily lives as citizens and as future professionals in the growing field of conflict resolution features full suite of textboxes for study and applicationkey terms and references for further readingconflict labs to help students apply concepts to real world situations out on a limb boxes ask readers to consider bold new ideas and paradigm shifts for analyzing conflict and building peace a dynamic range of open access instructor and student resources can be found at the author s website chiphauss info including videos of interviewscurated web linksupdates on breaking newsauthor s weekly blogreviews of new books documentaries and other publicationsa discussion forum in which students and faculty members can interact with each other and with the author on issues of their choosingregular video office hours with the author

offering an assessment of the theory and practice of conflict resolution in post cold war conflicts this book addresses a number of questions it explores the nature of contemporary conflict and the development of conflict resolution

in real life conflict resolution situations one size does not fit all just as a mechanic does not fix every car with the same tool the conflict resolution practitioner cannot hope to resolve every dispute using the same technique practitioners need to be comfortable with a wide variety of tools to diagnose different problems in vastly different circumstances with different people and resolve these conflicts effectively the conflict resolution toolbox gives you all the tools you need eight different models for dealing with the many conflict situations you encounter in your practice this book bridges the gap between theory and practice and goes beyond just one single model to present a complete toolbox a range of models that can be used to analyze diagnose and resolve conflict in any situation it shows mediators negotiators managers and anyone needing to resolve conflict how to simply and effectively understand and assess the situations of conflict they face and it goes a step further offering specific practical guidance on how to intervene to resolve the conflict successfully each model provides a different and potentially useful angle on the problem and includes worksheets and a step by step process to guide the reader in applying the tools offers

eight models to help you understand the root causes of any conflict explains each model's focus what kind of situations it can be useful in and most importantly what interventions are likely to help provides you with clear direction on what specific actions to choose to resolve a particular type of conflict effectively features a detailed case study throughout the book to which each model is applied additional examples and case studies unique to each chapter give the reader a further chance to see the models in action includes practical tools and worksheets that you can use in working with these models in your practice the conflict resolution toolbox equips any practitioner to resolve a wide range of conflicts mediators negotiators lawyers managers and supervisors insurance adjusters social workers human resource and labour relations specialists and others will have all the tools they need for successful conflict resolution

conflict management and resolution provides students with an overview of the main theories of conflict management and conflict resolution and will equip them to respond to the complex phenomena of international conflict the book covers these four key concepts in detail negotiation mediation facilitation reconciliation it examines how to prevent manage and eventually resolve various types of conflict that originate from inter state and inter group competition and expands the existing scope of conflict management and resolution theories by examining emerging theories on the identity power and structural dimensions of adversarial relationships the volume is designed to enhance our understanding of effective response strategies to conflict in multiple social settings as well as violent struggles and utilizes numerous case studies both past and current these include the iranian and north korean nuclear weapons programmes the war in lebanon the arab israeli conflict civil wars in africa and ethnic conflicts in europe and asia this book will be essential reading for all students of conflict management and resolution mediation peacekeeping peace and conflict studies and international relations in general ho won jeong is professor of conflict analysis and resolution george mason university usa he has published nine books in the field of international relations peace and conflict studies he is also a senior editor of the international journal of peace studies

the sage handbook of conflict resolution demonstrates the range of themes that constitute modern conflict resolution it brings out its key issues methods and dilemmas through original contributions by leading scholars in a dynamic and expanding field of inquiry this handbook is exactly what it sets out to be an indispensable tool for teaching research and practice in conflict resolution peter wallensteen professor of peace and conflict research uppsala university and university of notre dame bercovitch kremeneyuk and zartman are among the most

important figures in the conflict resolution field they have pieced together with the help of more than 35 colleagues from numerous countries a state of the art review of the sources of international conflict available methods of conflict management and the most difficult challenges facing the individuals and organizations trying to guide us through these conflict ridden times the collection is brimming with penetrating insights trenchant analyses compelling cases and disciplined speculation they help us understand both the promise of as well as the obstacles to theory building in the new field of conflict resolution lawrence susskind professor and director of the mit harvard public disputes program the last three sentences of this persuasive book we conclude this volume more than ever convinced that conflict resolution is not just possible or desirable in the current international environment it is absolutely necessary resolving conflicts and making peace is no longer an option it is an intellectual and practical skill that we must all possess if you are part of that we intellectually or professionally you will find this book a superb companion thomas c schelling professor emeritus harvard university and university of maryland conflict resolution is one of the fastest growing academic fields in the world today although it is a relatively young discipline having emerged as a specialized field in the 1950 s it has rapidly grown into a self contained vibrant interdisciplinary field the sage handbook of conflict resolution brings together all the conceptual methodological and substantive elements of conflict resolution into one volume of over 35 specially commissioned chapters the handbook is designed to reflect where the field is today by drawing on the contributions of experts from different fields presenting in a systematic way the most recent research and practice jacob bercovitch is professor of international relations and fellow of the royal society at the university of canterbury in christchurch new zealand victor kremenjuk is deputy director of the institute for usa and canada studies russian academy of sciences moscow he is also a research associate at iiasa i william zartman is jacob blaustein professor of conflict resolution and international organization at the nitze school of advanced international studies of johns hopkins university

the seventeen key principles for transforming conflict in a beautiful package from the creator of the 48 laws of power from joost elffers the packaging genius behind the huge new york times bestsellers the 48 laws of power the 33 strategies of war and the art of seduction comes this invaluable manual that teaches seventeen fundamentals for turning any conflict into an opportunity for growth beautifully packaged in a graphic two color format changing the conversation is written by conflict expert dana caspersen and is filled with real life examples spot on advice and easy to grasp exercises that demonstrate transformative ways to break out of destructive patterns to create useful dialogue in difficult situations and to find long lasting solutions for conflicts sure to claim its place next to getting to yes this guide

will be a go to resource for resolving conflicts

in recent years there has been confusion in the field of conflict analysis and resolution as to the future directions of research and practice this book argues that traditional understanding of conflict resolution does not adequately discuss structural conditions needed for intervention strategies for conflict de escalation and post conflict peace building strategies in this text scholars introduce a set of issues which reflect recent thinking in the field
