jesus parables they are widely known or at least often referenced
but does that mean they are well understood having slipped into
the lingua franca of our day we could be missing some of what he
was communicating if familiarity breeds contempt perhaps our
sense that we know these stories insulates us from what jesus was
saying about life with god if jesus intended his parables to be
much more than helpful illustrations or memorable word pictures
we might need to hear them in a fresh way we could be overlooking
what is essential if we read his parables simply as clever
stories like a chef who seasons the meal in such a way that the
distinctive flavors of each element is enhanced brian invites the
reader into an invigorating and fresh taste of what jesus says in
his parables reading each parable attentive to jesus own words
and the context in which these stories are found you ll hear the
voice of the savior in renewed ways no longer will you think of
his parables as clever stories but you ll find them to be life
giving words from jesus
