reviews of the first edition full of sparkling analysis an absorbing account of how and why the practice of special education has failed to live up to expectations a tour de force a challenging badly needed book likely to be read for many years to come dr caroline roaf british journal of educational studies a sophisticated multidisciplinary critique of special education that leaves virtually no intellectual stone unturned it is a must read for anyone interested in the role and significance of inclusive pedagogy in the new struggle for an inclusive society professor tom skrtic university of kansas usa while this is a weighty book there is real clarity about the key ideas and no doubting their importance its challenges to our thinking make it essential reading dr melanie nind in times educational supplement a striking thought provoking yet lyrical account which is both uncompromising in its stance and refreshing in its intellectually sophisticated critique professor phil garner in british journal of special education in the second edition of this best selling text the authors critically examine the intellectual foundations of special education and consider the consequences of their influence for professional and popular thinking about learning difficulties in light of this critique they suggest that much of the knowledge about special education

is misconceived and proceed to provide a powerful rationale for inclusion derived from ideas about social justice and human rights revised and updated throughout the book contains new material on social capital communities of practice and a psychology of difference as well as a new chapter on inclusive education for the twenty first century deconstructing special education and constructing inclusion is essential reading for teachers head teachers educational psychologists and policy makers

kathleen berger s invitation to the life span is widely acclaimed for covering the breadth of the life span in single term is just 15 concise chapters now berger and susan chuang have adapted invitation for a canadian audience

this journal is devoted to the latest research on physics publishing articles on everything from elementary particle behavior to black holes and the history of the universe

this is one of the first studies to describe the practice of performance psychology it blends theory and practice by integrating literature reviews with real world applications for a broad range of clients it provides extensive session transcripts including consultants thoughts and reactions throughout each session

edition after edition kathleen stassen berger s bestselling textbooks connect all kinds of students to current state of developmental psychology in an engaging accessible culturally inclusive way berger s invitation to the life span does this in just 15 concise chapters in a presentation that meets the challenges of exploring the breadth of the life span in a single term the new edition of invitation to the life span incorporates a wide range of new research especially in fast moving areas such as brain development and psychopathology while taking advantage of innovative new tools for media centered teaching and learning but throughout as always the signature voice of kathleen berger ties it all together with relatable explanations of scientific content wide ranging cultural examples and skill building tools for sharper observation and critical thinking

a weekly record of scientific progress

the best edition yet of the 1 text for surgical practice and education a doody s core title for 2024 2022 for half a century no other text has provided such a solid grounding in basic science anatomy operative techniques and more recently professional development and leadership training as schwartz s principles of surgery written by the world s foremost surgeons this landmark reference offers distinctly modern and all encompassing coverage of every important topic in general surgery enhanced by a new two volume presentation the eleventh edition has been completely updated and refreshed with an emphasis on state of the art evidence based surgical care you will find an exciting array of new contributors
