edward berenson recounts the trial of henriette caillaux the wife of a powerful french cabinet minister who murdered her husband s enemy le figaro editor gaston calmette in march 1914 on the eve of world war i in analyzing this momentous event berenson draws a fascinating portrait of belle epoque politics and culture

reproduction of the original the caillaux drama by john n raphael

in the lost history of 1914 jack beatty offers a highly original view of world war i testing against fresh evidence the long dominant assumption that it was inevitable most books set in 1914 map the path leading to war beatty writes this one maps the multiple paths that led away from it chronicling largely forgotten events faced by each of the belligerent countries in the months before the war started in august beatty shows how any one of them a possible military coup in germany an imminent civil war in britain the murder trial of the wife of the likely next premier of france who sought détente with germany might have derailed the war or brought it to a different end in beatty s hands these stories open into epiphanies of national character and offer dramatic portraits of the year s major actors kaiser wilhelm tsar nicholas ii woodrow wilson along with forgotten or overlooked characters such as pancho villa rasputin and herbert hoover europe s ruling classes beatty

shows were so haunted by fear of those below that they mistook democratization for revolution and were tempted to escape forward into war to head it off. Beatty's powerful rendering of the combat between August 1914 and January 1915 which killed more than one million men restores lost history revealing how trench warfare long depicted as death's victory was actually a life-saving strategy. Beatty's deeply insightful book as elegantly written as it is thought-provoking and probing lights a lost world about to blow itself up in what George Kennan called the seminal catastrophe of the twentieth century. It also arms readers against narratives of historical inevitability in today's world.

This play is of special significance to journalists, misogynists, duelists, francophiles who look down on Anglophiles, Germans, historians, Jews, feminists, Anglophiles who look down on francophiles, politicians, judges, lawyers, nationalists, and adulterers. Some others too expect to be shocked over how public viewpoints on misogyny, nationalism, and dueling have changed. Anglophiles will grin, francophiles will be embarrassed, misogynists will wink, feminists will wink too. A good time will be had by all. Madame Caillaux is a two-act historical drama based on events that resulted in what became France's trial of the twentieth century as the Dreyfus case was the trial of the nineteenth century. This 1914 very true story is about a murder and yet mentions Madame Caillaux's name and her name elicits the universal response: who is she? The trial of Henriette Caillaux dominated French public life between March 16 and July 28, 1914. France and Germany went to war within minutes after the jury announced its verdict. Some say coincidentally what was all the fuss about? Suffice it to say that a 2018 version of the same story would have either Michelle Obama or Ivanka Trump walk into the Washington Post and shoot down the publisher; all other news would be overshadowed by this murder. A 2018 version of the same story would have either Michelle Obama or Ivanka Trump walk into the Washington Post and shoot down the publisher; all other news would be overshadowed by this murder.

Getting the books **The Trial Of Madame Caillaux** now is not type of inspiring means.
