trans and genderqueer subjects in medieval hagiography presents an interdisciplinary examination of trans and genderqueer subjects in medieval hagiography scholarship has productively combined analysis of medieval literary texts with modern queer theory yet too often questions of gender are explored almost exclusively through a prism of sexuality rather than gender identity this volume moves beyond such limitations foregrounding the richness of hagiography as a genre integrally resistant to limiting binaristic categories including rigid gender binaries the collection showcases scholarship by emerging trans and genderqueer authors as well as the work of established researchers working at the vanguard of historical trans studies these scholars demonstrate the vital and vitally political nature of their work as medievalists trans and genderqueer subjects in medieval hagiography enables the re creation of a lineage linking modern trans and genderqueer individuals to their medieval ancestors providing models of queer identity where much scholarship has insisted there were none and re establishing the place of non normative gender in history

some people have a gender which is neither male nor female and may identify as both male and female at one time as different genders at different times as no gender at all or dispute the very idea of only two genders the most often heard umbrella terms for such genders are non binary or genderqueer genders this book looks to bring together those currently exploring and researching this non binary phenomenon gender identities outside of the binary of female and male are increasingly being recognized in social legal medical and psychological discourses together with the emerging presence and advocacy of people who identify as non binary or genderqueer population based studies show a small percentage but a sizable proportion in terms of numbers of people who identify as non binary while such genders have always been in existence worldwide they remain marginalized and as such at risk of victimization and of minority stress as a result of social non acceptance and discrimination non binary and genderqueer genders explores these gender identities in relation to health well being and or other experiences in an effort to contribute to improving clinical standards and continued cultural change towards acceptance for this group of people this book was originally published as a special issue of the international journal of transgenderism renamed international journal of transgender health in 2020
