an engaging and exhaustive county by county guide to the vast number of fascinating places in Ireland connected to myth folklore and early history covering the period 800 BC to AD 650. Smyth chronicles sites the length and breadth of the country where druids, fairies, goddesses, warriors and kings all left their mark in tales both real and imagined with over one thousand locations recorded from Rathlin Island to the Beara Peninsula, earthing the myths, breathing life into places throughout Ireland that find their origins in our pre-Christian and pre-Gaelic past and shows that they still possess unique wisdom and vibrant energy.

The political situation in Ireland at the beginning of the 20th century was characterised by crisis and change: armed rebellion against the British Crown, the prosecution of the Anglo-Irish War, the emergence of the Irish Free State and the eruption of the Civil War over the Treaty with Great Britain ensured that the birth of the modern Irish nation was bloody and difficult. This book details the life of an average volunteer and includes the experiences of internment, the lack of established medical facilities for wounded, life on the run, discipline and typical duties.
