examines how the racial lenses of the social sciences and the subscription of social
scientists to whites racial common sense have limited their understanding of racial
matters and handicapped their capacity to appreciate the significance of the race effect
they call it the racial stratification effect with an assemblage of leading scholars white
logic white methods explores the possibilities and necessary dethroning of current social
research practices and demands a complete overhaul of current methods towards a
multicultural and pluralist approach to what we know think and question readers in
various social sciences will find useful the chapters in the collection but all will agree that
the introductory and concluding chapters to the volume towards a definition of white
logic and white methods and telling the real tale of the hunt towards a race conscious

sociology of racial stratification are likely to become classics in the field of racial and ethnic relations

this collection of original work demonstrates the new ways in which particular research methodologies are used valued and critiqued in the field of race and ethnic studies contributing authors discuss the ways in which their personal and professional histories and experiences lead them to select and use particular methodologies over the course of their careers they then provide the intellectual histories strengths and weaknesses of these methods as applied to issues of race and ethnicity and discuss the ethical practical and epistemological issues that have influenced and challenged their methodological principles and applications through these rigorous self examinations this text presents a dynamic example of how scholars engage both research methodologies and issues of social justice and ethics this volume is a successor to stanfield s landmark race and ethnicity in research methods

the ashgate research companion to black sociology provides the most up to date exploration and analysis of research focused on blacks in america beginning with an examination of the project of black sociology it offers studies of recent events including the stand your ground killing of trayvon martin the impact of hurricane katrina on emerging adults and efforts to change voting requirements that overwhelmingly affect blacks whilst engaging with questions of sexuality and family life incarceration health educational outcomes and racial wage disparities inspired by w e b du bois s charge of engaging in objective research that has a positive impact on society and organised around the themes of social inequities blacks and education blacks and health and future directions this timely volume brings together the latest interdisciplinary research to offer a broad overview of the issues currently faced by blacks in united states a timely significant research guide that informs readers on the social economic and physical condition of blacks in america and proposes directions for important future research the ashgate research companion will appeal to policy makers and scholars of africana studies sociology cultural studies anthropology and politics with interests in questions of race and ethnicity gender and sexuality social inequalities health and education

one of the more enduring topics of concern for empirically oriented scholars of law and courts and political scientists more generally is how research can be more directly relevant to broader audiences outside of academia a significant part of this issue goes back to a seeming disconnect between empirical and normative scholars of law and courts that has increased in recent years brandon l bartels and chris w bonneau argue that being attuned to the normative implications of one s work enhances the quality of empirical work not to mention makes it substantially more interesting to both academics and non academic practitioners their book s mission is to examine how the normative implications of empirical work in law and courts can be more visible and relevant to audiences beyond academia written by scholars of political science law and sociology the chapters in the volume offer ideas on a methodology for communicating normative

implications in a balanced nuanced and modest manner the contributors argue that if empirical work is strongly suggestive of certain policy or institutional changes scholars should make those implications known so that information can be diffused the volume consists of four sections that respectively address the general enterprise of developing normative implications of empirical research law and decisionmaking judicial selection and courts in the broader political and societal context this volume represents the start of a conversation on the topic of how the normative implications of empirical research in law and courts can be made more visible this book will primarily interest scholars of law and courts as well as students of judicial politics other subfields of political science engaging in empirical research will also find the suggestions made in the book relevant

this handbook offers a contemporary and comprehensive review of critical research theory and methodology showcasing the work of contemporary critical researchers who are harnessing and building on a variety of methodological tools this volume extends beyond qualitative methodology to also include critical quantitative and mixed methods approaches to research the critical scholars contributing to this volume are influenced by a diverse range of education disciplines and represent multiple countries and methodological backgrounds making the handbook an essential resource for anyone doing critical scholarship the book moves from the theoretical to the specific examining various paradigms for engaging in critical scholarship various methodologies for doing critical research and the political ethical and practical issues that arise when working as a critical scholar in addition to mapping the field contributions synthesize literature offer concrete examples and explore relevant contexts histories assumptions and current practices ultimately fostering generative thinking that contributes to future methodological and theoretical breakthroughs new as well as seasoned critical scholars will find within these pages exciting new ideas challenging questions and insights that spur the continuous evolution and grow the influence of critical research methods and theories in the education and human disciplines
