napoleon s invasion of the middle east marks the beginning of the modern era in the region this book traces the developments that led to the

making of a new and separate geographical political entity in the middle east known as eretz israel and the establishment of the state of israel within its bounds thus its time frame runs from napoleon s invasion of eretz israel palestine in 1799 to the establishment of israel in 1948 1949 eretz israel as the formal name of a separate entity in the modern era first appeared in the early translations into hebrew of the balfour declaration while in the original document the country was referred to as palestine during the period of ottoman rule the territory that would in time be called eretz israel palestine was not a separate political unit among jews use of eretz israel increased only after the beginning of zionist aliyot had the zionist movement not arisen it is doubtful whether the development to which this study is devoted would have occurred the motivating force behind that process is without doubt the zionist element that is why jews are the major protagonists in this book

history of the modern era provides an insightful exploration of the defining moments and transformative events that have shaped our contemporary world from the enlightenment and the rise of democracy to the technological revolutions and cultural shifts of the 20th and 21st centuries this book delves into the complexities of modern history it examines the interplay of social political and economic forces that have influenced nations and cultures highlighting key figures and movements that have left an indelible mark readers will gain a deeper understanding of how historical events are interconnected and the lessons they impart for today s society this comprehensive yet accessible narrative invites both history enthusiasts and general readers to reflect on the past and its impact on the present and future

this volume contains a collection of fifteen essays on jewish philosophy the essays deal with mooses mendelssohn hermann cohen franz rosenzweig martin buber abraham j heschel and gershom g scholem the book starts with a lucid overview of nineteenth century jewish philosophy it can be regarded as a companion volume to the author s jewish philosophy in modern times nathan rotenstreich 1914 1993 was professor of philosophy at the hebrew university of jerusalem and vice president of the israeli academy of sciences and humanities

the book is a study of the evolving history of knowledge in the arts and sciences in the modern era from 1648 through the present modernism is treated as an epoch with evolving disciplines whose articulated problems of a time and the inquiry methods to address them develop in a coordinated manner given a mutual awareness when one organizes the development of knowledge over periods of years and gives it an appellation such as modernism the organization of facts is guided by concepts and values discerned throughout these periods these facts of knowledge development share sufficient understandings to be called an era or an epoch or other terms that insist on the shared aspects of those years one can call such an effort a metahistory in that what is tracked is not merely a knowledge that is political economic ideological sociological or scientific but an overview that tracks the respective conceptual developments of the fields in how they have changed and augmented their problem formulations inquiry methods and explanatory conceptions over time

educational leadership and management in the modern era offers a global future oriented perspective on how leadership and management practices can transform educational institutions to meet the needs of the twenty first century the volume examines key themes such as social

justice equity technological innovation instructional leadership and organizational change emphasizing how effective leadership can foster inclusive learning environments enhance institutional resilience and promote innovation across educational settings drawing from diverse theories methods and cultural viewpoints the book connects leadership theory and practice by exploring ethics decision making digitalization and capacity building by incorporating insights from higher education and school systems in both emerging and developed regions this collection offers a thorough understanding of the skills values and strategies that define successful educational leaders today aimed at researchers policymakers and practitioners it serves as an essential resource for those aiming to improve leadership effectiveness enhance educational management and implement meaningful reform balancing deep concepts with practical application educational leadership and management in the modern era reimagines leadership with vision empathy and innovation in an ever evolving educational landscape

from before the dawn of recorded history there has been a rich flow of interaction between japan and china japan has long learned many things from chinese civilization and since the modern era china began to learn from japan in the twenty first century however china surpassed japan in terms of gdp in 2010 to become the world s second largest economy amid this rapid rise of china and what has been called a power shift in japan china relations there are signs that bilateral tensions are rising and that the image each country has of the other is worsening this volume provides a cogent analysis of the politics of the bilateral relationship in the modern era explaining the past present and future of japan china relations during a time of massive political social and economic changes written by a team of internationally renowned japanese scholars and based on sources not available in english this book is essential reading for students and scholars of japan china relations japanese international relations and the politics and international relations of east asia

while there is talk of the fourth industrial revolution old and new challenges bedevil the world climate change nutrition and health poverty being at the top of the list in seeking solutions to these and other problems which afflict the modern era it is worthwhile to look into our collective past to the traditions and knowledges of our ancestors such knowledge continues to exist in many parts of the world though now marginalized by homogenous eurocentric ontology and epistemology this book presents a compilation of reviews case studies and primary research attempting to locate the utility of traditional and indigenous knowledges in an increasingly complex world it assembles chapter authors from across the world to tackle topics ranging from traditional knowledge based innovations and commercialization traditional medicine systems as practiced around the world ethnoveterinary practices and food innovation to traditional governance and leadership systems among others this book is an important resource for policymakers scholars and researchers of cultural studies leadership governance ethnobotany anthropology plant genetic resources and technology innovation and readers interested in the history of knowledge and culture as well as cultural activists and political scientists features unique combination of social science and anthropological aspects with natural science perspectives includes summaries aimed at policymakers to immediately see what would be relevant to their work combines case studies illuminating important lessons learned with reviews and primary data multidisciplinary in the scope of the topics tackled and assemblage of contributors global footprint with contributions from africa europe north america asia and the west indies david r katerere department of pharmaceutical sciences tshwane university of technology south
