best practices for flipping the college classroom provides a comprehensive overview and systematic assessment of the flipped classroom methodology in higher education the book reviews various pedagogical theories that inform flipped classroom practice and provides a brief history from its inception in k 12 to its implementation in higher education offers well developed and instructive case studies chronicling the implementation of flipped strategies across a broad spectrum of academic disciplines physical environments and student populations provides insights and suggestions to instructors in higher education for the implementation of flipped strategies in their own courses by offering reflections on learning outcomes and student success in flipped classrooms

compared with those employing more traditional models and by describing relevant technologies discusses observations and analyses of student perceptions of flipping the classroom as well as student practices and behaviors particular to flipped classroom models illuminates several research models and approaches for use and modification by teacher scholars interested in building on this research on their own campuses the evidence presented on the flipped classroom methodology by its supporters and detractors at all levels has thus far been almost entirely anecdotal or otherwise unreliable best practices for flipping the college classroom is the first book to provide faculty members nuanced qualitative and quantitative evidence that both supports and challenges the value of flipping the college classroom

contemporary enterprise and entrepreneurship in context is the core debut for the routledge applied enterprise and entrepreneurship series aees this book introduces contemporary sectoral discussions and the theories considerations and contexts relating to them from a wide range of contemporary academics thinkers and entrepreneurs this book brings together many of today s discourse in the area of enterprise and entrepreneurship alongside relevant and experienced practitioners to launch the aees series foundational book the book s structure will distinguish yet pull together theoretical underpinning and practitioner accounts of enterprise and entrepreneurship in context this book is suitable for both undergraduate and postgraduate students in the area of business studies innovation entrepreneurship and enterprise the book will also be of interest to a range of roles in the enterprise and entrepreneurship community including academics and practitioners

global business transcendence focuses on both empirical studies with practical application and examinations of theoretical and methodological developments in the field of business studies by drawing on important research and case study material from contributors all over the world this collection offers genuinely international perspectives on the key issues and concerns preoccupying policy and decision makers bringing together chapters that examine international business strategies across emerged and emerging economies the collection argues that country s borders are becoming less important from a trade perspective we are thus quickly approaching a single global economy

welcome to the proceedings of icchp 2010 we were proud to welcome participants from more than 40 countries from all over the world to this year s icchp since the late 1980s it has been icchp s mission to support and reflect development in the field of assistive technologies eaccessibility and einclusion with a focus on scientific quality icchp has become an important reference in our field the 2010 conference and this collection of papers once again fulfilled this mission the international programme committee comprising 106 experts from all over the world selected 147 full and 44 short papers out of 328 abstracts submitted to icchp this

acceptance ratio of about half of the submissions demonstrates our strict pursuit of scientific quality both of the programme and in particular of the proceedings in your hands an impressive number of experts agreed to organize special thematic sessions sts for icchp 2010 these sts help to bring the meeting into sharper focus in several key areas in turn this deeper level of focus helps to collate a state of the art and mainstream technical social cultural and political developments

this volume examines the theoretical and empirical landscape of social entrepreneurship in both non profit and profit sectors it extends the traditional view of social entrepreneurship to include the environmental and institutional factors that affect the emergence of social entrepreneurship activities such as formal laws regulations procedures and informal institutions the editors aim to provide evidence and increased understanding of this growing phenomenon social entrepreneurship is gaining recognition as a key element of economic and social development it embraces a wide set of situations with a broad scope of activities in for profit and non profit organizations interested in social performance and or in economically profitable performance with an emphasis on achieving social aim in the strict sense social entrepreneurship corresponds to entrepreneurs whose main concern is to achieve social objectives rather than to obtain personal financial profits however there is still much to be learned about the dynamics and processes of social entrepreneurship the current literature in the field has tended to focus on psychological experiences and personal characteristics or on organizational perspectives such as resources capabilities and leadership this book intends to provide theoretical frameworks and empirical studies to this very new and broad field specifically this book provides a collection of contemporary research in the following topics how to create opportunity through social innovation how to detect entrepreneurial opportunity to meet social needs how to develop social entrepreneurship while still seeking profits how to discover opportunities for different forms of social entrepreneurship featuring contributions from around the world this book is a valuable source for students academics researchers policy makers and professionals in the area of social entrepreneurship
