a catchy title is the first example of the creative use of metaphors which fill taking yoga off the mat by jenni carmichael clark the philosophy is simple we can do hard things on the mat so we can also do hard things when we roll it up and leave we can handle challenges on the mat and we can handle what we face off the mat as well while it may sound like a book written for yoga enthusiasts every chapter introduces imaginative concepts which have universal application some messages refer to specific yoga poses where jenni provides ideas on how to apply the exercise principles in day to day life in the chapter get your ticket for the happiness express jenni pulls back the curtain to the most common yet elusive trait we are all seeking happiness and shows its relation to you guessed it yoga i have heard it said that happiness is a decision not an occurrence that it's something you choose no matter what comes at you you can decide whether to allow it to thwart your joy or strengthen your spirit that finding joy is not the same as living in joy i learn that in my yoga practice no matter what pose i am faced with or how difficult easy it might be i can determine how to react and manage the challenges it presents i can choose my response and i can take that decision off the mat every time i walk back into the world taking yoga off the mat pg 103 in the chapter titled taking child's pose inconceivable jenni uses multiple surprisingly fitting references from the story princess bride to show how something perceived as a simpler stretch the child's pose is much more complex than it appears jenni explains child's pose actually takes me deeper it gives me a chance to reset reflect meditate and get ready for what comes next in my own time to find my breath and go deeper inside myself many themes throughout the book speak to the heart of a mother high five an adventurer honor the curiosity and wonderment of a child and encourage bravery and resilience jenni is promoting what she often calls her disney philosophy which is to believe in impossible things have courage be kind and do the next right thing as walt disney said around here we don't look backwards for very long we keep moving forward opening new doors and doing new things because we're curious and curiosity keeps leading us down new paths jenni echoes these words of walt disney and exclaims that's my alice muchness philosophy in a nutshell from the beginning in the author's note readers will discover a kindred spirit in jenni carmichael clark it is as if jenni has always been the best friend you turn to for encouragement when you need a good laugh or are hungry for a reminder that despite all of its adversity life is a fascinating and worthwhile adventure in the chapter titled what's next jenni brings her readers to the ice rink and reminds them that despite

bumps in the ice that cause you to take a tumble or two the skating is amazing towards the end of her book jenni gives the compassionate encouragement we all need i know firsthand that stars shine more brilliantly in the deep darkness i ve huddled in the dark and gazed at them up there twinkling we just do the work and then we let it go in class and in life on the mat and off of it jenni began writing reflective essays and thoughts in a blog she started in 2013 called my own little corner by jenni myownlittlecornerbyjenni wordpress com as she found clarity and grace on her yoga mat jenni decided to share more of these themes in her first book taking yoga off the mat learn more at takingyogaoffthemat com
