how can apps be used to foster learning with literacy across the curriculum
this book offers both a theoretical framework for considering app affordances and practical ways to use apps to build students disciplinary literacies and to foster a wide range of literacy practices using apps for learning across the curriculum presents a wide range of different apps and also assesses their value features methods for and apps related to planning instruction and assessing student learning identifies favorite apps whose affordances are most likely to foster certain disciplinary literacies includes resources and apps for professional development provides examples of student learning in the classroom a website using ipads pbworks com with resources for teaching and further reading for each chapter a link to a blog for continuing conversations about topics in the book appsforlearningliteracies com and more enhance the usefulness of the book

kucers the use of antibiotics is the definitive internationally authored reference providing everything that the infectious diseases specialist and prescriber needs to know about antimicrobials in this vast and rapidly developing field the much expanded seventh edition comprises 4800 pages in 3 volumes in order to cover all new and existing therapies and emerging

drugs not yet fully licensed concentrating on the treatment of infectious diseases the content is divided into four sections antibiotics anti fungal drugs anti parasitic drugs and anti viral drugs and is highly structured for ease of reference each chapter is organized in a consistent format covering susceptibility formulations and dosing adult and pediatric pharmacokinetics and pharmacodynamics toxicity and drug distribution with detailed discussion regarding clinical uses a feature unique to this title compiled by an expanded team of internationally renowned and respected editors with expert contributors representing europe africa asia australia south america the us and canada the seventh edition adopts a truly global approach it remains invaluable for anyone using antimicrobial agents in their clinical practice and provides in a systematic and concise manner all the information required when prescribing an antimicrobial to treat infection

the region of europe and central eurasia defined in this volume encompasses territory that extends from the atlantic coast of europe to the pacific coast of the russian federation it includes the british isles iceland and greenland a self governing part of the kingdom of denmark included are mineral commodity outlook tables plus global overview research for particularly commodities within a specific regions countries are presented throughout the text manufacturers of these metals and commodities along with trade brokers that may specialize in imports and exports political scientists and economists may also be interested in this volume students pursuing research on specific metals and mineral commodities for world economy courses may be interested in this volume

an indispensable easy to read resource from international bestselling children's author karen inglis a masterclass all wrapped up in a book have you written a children's story that you can't find a home for do you need help with your early self publishing journey or with more advanced children's book publishing and marketing strategies are you traditionally published but curious about other options if you answered yes to any of these questions you're in the right place how to self publish and market a children's book second edition provides practical in depth guidance and key strategies for self publishing in print ebooks and audiobooks and for selling more children's books face to face and online after reading this book you will understand how you can self publish your children's story at little or no cost why print matters for children's self publishing but why ebooks are also critical for marketing

why it's important to work with professional children's editors, illustrators and cover designers and where to find them, how to set up successful school visits and other events and how to plan and run virtual events, best practice and expectations for getting into bookshops, which tools and platforms can help with your book marketing including key strategies for Amazon ads and other advertising, how to get reviews, how to create and market children's audiobooks, when and how to approach translation and foreign rights options for upfront printing and who this is suitable for, where to find other self-publishers for ongoing support and advice, self-published international bestselling children's author Karen Inglis has sold over half a million children's books in print, over 20,000 ebooks and over 8,000 audiobooks. Her popular middle-grade time travel adventure *The Secret Lake* is now in translation in nine languages and its long-awaited sequel *2022* has received glowing reviews and very strong early sales. Karen's picture book *The Christmas Tree Wish* was shortlisted for the 2020 UK Selfies Award for best self-published children's book. Her most recent picture book *The Tell Me Tree* has received praise from teachers and parents alike for helping children talk about their feelings and is being used in UK classrooms as well as writing for children. Karen has over 30 years' experience as a professional copywriter and writing training consultant. Her ability to organise and explain topics in plain English won her praise and over 100 5-star reviews for the first edition of this book. This expanded and updated edition for 2021, which now includes virtual events, audiobooks, foreign editions and detailed advertising strategies as well as more tools and platforms to help with your book marketing, will not disappoint. One reviewer described the first edition as a masterclass wrapped up in a book. We think that pretty well sums up the second edition too, with everything together in one place and a comprehensive table of contents to help you quickly find what you need. *How to Self-Publish and Market a Children's Book* (second edition) provides a powerful ready reference that you can come back to again and again. *How to Market a Children's Book* (standalone edition) if you understand self-publishing, if you are a seasoned children's book self-publisher and are looking only for marketing support. Search for *How to Market a Children's Book* by Karen P. Inglis. This separate edition, also released in May 2021, incorporates the marketing content of the combined book. It assumes you fully understand the various self-publishing options and distribution processes for print, ebooks and audiobooks.

this timely and important work offers an in depth analysis of the existence or nonexistence of a nexus between international terrorism and drug trafficking emanating from afghanistan the nexus international terrorism and drug trafficking from afghanistan addresses an issue that directly impacts the prospects for resolution of the current insurgency in that nation written by noted terrorism expert frank shanty the book explores the nature and the extent of involvement between international criminal drug traffickers particularly of drugs originating from afghanistan and international terrorist networks with global reach shanty dispels the myths and disinformation surrounding this vital and controversial question even as he arrives at his own answers in addition to offering a historical overview of the opium problem in afghanistan from the late 1970s to 2010 the book looks at three distinct phenomena it examines the existence characteristics and behavior of international terrorists operating from afghanistan specifically the evolution and ascendancy of al qaeda and the taliban and the nature of their relationship it looks at afghanistan s opium trade relative to specific actor involvement and finally it analyzes allegations of a link between terrorists in afghanistan and international drug criminals and the implications of that connection

as a long standing reliable resource drugs society fifteenth edition continues to captivate and inform students by taking a multidisciplinary approach to the impact of drug use and abuse on the lives of average individuals the authors have integrated their expertise in the fields of drug abuse pharmacology and sociology with their extensive experiences in research treatment drug policy making and drug policy implementation to create an edition that speaks directly to students on the medical emotional and social damage drug use can cause updated throughout to reflect the recent data and legislation the 15th edition also offers updated coverage of prohibition harrison tax act and other laws that have had an significant impact on special populations a greater emphasis on alcohol use and sexual abuse marital and spouses abuse and other major crimes committed discussion of the relationship between alcohol and health problems associated with the abuse of alcohol
