By analysing the Irish development strategy, this book questions its much portrayed success. The Republic of Ireland has followed an export-oriented development path relying on foreign direct investment inflows as the main development agent. However, this chosen path of development has led to growing industrial, social, and developmental polarisations. Despite the indisputable impressive overall growth figures, growth is primarily driven by the investing multinationals, and the inequality of earnings has been exacerbated, thus questioning the Irish growth model's success.

In this book, we will explain how to convert a PDF file to a fixed layout EPUB version 3 file. This is possible since the version 3 of the EPUB format, which includes now the fixed layout mode in addition to the traditional flowing text mode, we will use free open source tools, mainly `pdf2htmllex`, with an example under Linux. July 2020: a script `pdf2epubex.sh` to convert a PDF to a fixed layout EPUB is now available. You can find it in the `dodeeric/pdf2epubex` repository hosted on GitHub.com.
