february 2021 the notice includes the dates and events for uphesc recruitment uphesc assistant professor mock test for mathematics up government is providing an opportunity for those candidates who are looking forward to teaching as their career the online applications will be accepted by 26th march 2021 bookmark this page and stay tuned with us for every latest update for uphesc assistant professor jobs 2021 uphesc assistant professor vacancy 2021 announced for 2003 assistant professor post which includes 2002 posts of assistant acharya in 47 subjects and 01 post of assistant acharya geoscience of advertisement no 46 the application form for uphesc assistant professor 2021 began on 27 february 2021 and the last date to apply online was 8 july 2021 what is the date of exam for uphesc assistant professor 2021 exam dates uphesc assistant professor examination advertisement no 50 written exam date has announced and the dates are 30 october 06 november 14 november 26 november and 12 december 2021 as per the new exam pattern it is necessary to include mathematics practice tests in your preparation strategy we at myupsc have designed mathematics mock test series that will provide you with in depth coverage of the latest syllabus of uphesc exam details total tests 34 practice test subject mathematics language english useful for uphesc assistant professor exam preparation all the best

la gynécologie fait partie de la pratique courante du médecin généraliste examens systématiques contraception dépistages de cancers prise en charge d'une pathologie du sein ou des pathologies fréquentes entraînant des saignements des leucorrhées problèmes courants de sexologie et cela de la puberté à la post ménopause en sachant qu'un patient sur deux est une femme cet ouvrage qui est une référence incontournable propose au praticien un texte clair et concis une iconographie abondante et en couleur des arbres décisionnels et de nombreux tableaux récapitulatifs concernant les médicaments disponibles en europe le médecin est ainsi guidé dans tous les aspects de sa pratique de la gynécologie de ville de l'examen gynécologique à la prescription des examens complémentaires en passant par la rédaction de l'ordonnance ou des certificats les objectifs définis en début de chapitre et les exercices proposés à la fin du livre permettront à ceux qui s'initient à la gynécologie d'aller rapidement à l'essentiel et de vérifier leur bonne acquisition des connaissances indispensables à la pratique quotidienne le cahier d'auto évaluation peut aussi être utilisé par le praticien qui exerce depuis plusieurs années et veut actualiser ses connaissances en se testant sur des cas cliniques il pourra se concentrer utilement sur sa lecture ainsi que sur ses connaissances à actualiser l'évolution des techniques et de la thérapeutique en pratique gynécologique ainsi que le succès des précédentes éditions justifient cette nouvelle édition désormais totalement en couleur elle bénéficie d'une mise à jour complète des informations et d'une iconographie enrichie et renouvelée le public destiné aux

médecins généralistes qui y trouveront toutes les informations nécessaires à leur pratique en gynécologie au quotidien il intéressera également les jeunes spécialistes en gynécologie et les internes ainsi que les sages femmes les auteurs jacques lansac est professeur émérite de gynécologie obstétrique chu de tours henri marret est professeur des universités praticien hospitalier gynécologue obstétricien chu de tours

comprehensive resource on the dynamically developing issue of radio communication over long distances especially in outer space reception of weak radio signals from space explores all aspects of detecting and making sense of extremely weak radio frequency rf signals especially those emanating from space the subject matter ranges from general physics fundamentals to highly specialized issues of design and optimization of microwave antennas low noise amplifiers receivers transmitters and frequency synthesizers with very specific characteristics special consideration is paid to the advanced technique of radio linking by reflection of signals from the lunar surface where using modern software for digital communication it is possible to realize links with signals ten or more decibels weaker compared to analogue modes each chapter briefly summarizes the theory and applicable relationships and complements the discussed topic with descriptions of specific solutions for individual parts of the communication system detailed annotated examples of calculations and implementations are included to aid in reader understanding the book also discusses specific properties of antennas including brightness and noise temperature directivity and polarization and covers the technical characteristics of interplanetary probes such as voyager cassini mars odyssey and others additional topics in reception of weak radio signals from space include microwave receivers covering noise matching cooled amplifiers noise figure measurement and low noise amplifiers for 1 3 and 10 ghz bands wave propagation in free space and the influence of the atmosphere via precipitation clouds and the ionosphere including techniques for measuring the figure of merit g t of the receiving system local oscillators including direct digital and phase locked loop synthesizers high frequency rectangular and circular waveguides and coaxial and planar transmission lines parabolic antennas describing mirror geometry and its radiation as well as scalar radiator feeds reception of weak radio signals from space is an excellent resource on up to date information for engineers and scientists working in space communications as well as graduate and senior undergraduate students and radio amateurs

the first in depth study of the indian creative industries this book provides a comprehensive mapping of the indian creative industries and its policy landscape developing and defining key concepts and terms and offering detailed case studies of specific sectors geographic regions and governance structures using an ecosystem framework this book focuses on strategy policy tangible and intangible infrastructure and funding and investment to understand the main drivers and barriers across nine sub sector value chains with investment from global brands into many sectors it tracks how indian creative industries are fostering innovation and design for social and ecological sustainability it also delves into india s informal economy to share key policy insights the volume will be of great interest to scholars and researchers of public policy business studies and south asian studies it will also be a key document for foreign investors willing to invest in one of the fastest growing and stable economies in the world

gender equality in terms of economic and financial opportunities is becoming increasingly relevant at both national and international level the need to address the financial literacy of women and girls as a way to improve their financial empowerment opportunities and well being has been acknowledged by the g20 leaders declaration in june 2012 as well as part of a wider horizontal oecd project on gender equality the oecd international network on financial education infe established a dedicated workstream in 2010 to address the needs of women for financial education under the support of the russia world bank oecd trust fund for financial literacy and education this book collects the work carried out within this workstream including policy guidance to help policy makers address women s and girls needs for financial education and a comprehensive analysis of the current status of knowledge on gender differences in financial literacy
